Dungeon Masters need awesome maps to create memorable encounters. This pack contains three full-color double-sided, 7.75-by-30-inch battle maps. Each never-before-seen encounter locations is a bastled keep and a ruined manor. The other two battle maps are picked up from out-of-print sources. All three maps provide attractive, reusable terrain suitable for any D&D campaign. D&D Battle Maps are designed for use with D&D Miniatures.
