35 versatile NPCs

35 customizable humanoids of varying challenge ratings
**NOTICE:**

This is the “Printer-Friendly” version of Versatile NPCs. The full version, which includes the work of many talented artists can be found here:

https://drive.google.com/file/d/0BwKOfP0lLMsLTUdrQkhIamVyZlU/view?usp=sharing

**Easily customize NPCs for flavor**

- See Chapter 9 of the Dungeon Master’s Guide to apply the racial traits to your NPCs, and the Monster Manual for those traits’ descriptions.
  - For example, an **outland veteran** can be used as a human tribal warrior, or orc plunderer.
  - If you want to be more careful in preserving the challenge rating of the NPC, you can consider the ability modifier to be minimum requirements rather than alterations to the stats. For example, an ability modifier of +2 Dexterity can also mean the NPC you select should have a minimum Dexterity of 12.
- Other attributes can be applied which do not affect Challenge Rating, such as proficiency in a skill.
- None of the NPCs in this document teeter on the edge of being of a higher or lower Challenge rating, so minor alterations, even ones such as a +1 to a primary ability score, likely will not make a statistically significant difference in Challenge Rating, though you still might notice a difference in combat effectiveness in such cases.

Other than that, the NPC statblocks have been left intentionally ‘vanilla’ so they can fulfill any number of roles.

NPCs that are not included are: the Abjurer, Archdruid, Bard, Champion, Conjurer, Diviner, Enchanter, Evoker, Illusionist, Martial Arts Adept, Master Thief, Necromancer, Transmuter, War Priest, Warlock of the Archfey, Warlock of the Fiend, Warlock of the Great Old One, and the Warlord. These are great NPCs I would have added, but are already part of Volo’s Guide to Monsters. I recommend that supplement.

**Spellcasting.** The alchemist is a 5th-level spellcaster. Its spellcasting ability is Intelligence (spell save DC 14, +6 to hit with spell attacks). The alchemist has the following artificer spells prepared:

1st level (4 slots): *alarm, cure wounds, disguise self*
2nd level (3 slots): *bluer, lesser restoration, magic weapon*
3rd level (2 slots): *blink*

**Actions**

**Infuse Magic (2/day).** The alchemist can spend 1 minute infusing an item with one of the spells it knows, provided the spell has a casting time of one action. A creature with an Intelligence score of 6 or higher thereafter may activate the spell as an action.

The spellcasting save DC and modifier of the activated item is the same as the alchemist's. If the spell target's more than one creature, the creature that activates the item selects the additional targets. If the spell has an area of effect, it is centered on the item. If the spell's range is self, it targets the creature that activates the item. If the spell requires concentration, the creature that activates the item maintains the concentration as if they had cast the spell.

An infused item remains so for 8 hours, after which point, the magic fades.

**Alchemical Acid (3/day).** The alchemist throws a vial of acid at a creature or object up to 30 feet away. Creatures within a 5-foot radius must make a Dexterity saving throw, taking 3d6 acid damage on a failed save, or half as much on a successful one.
