The Art of Star Wars contains an abundance of sketches and paintings that recreate the imaginative process that went into the making of Star Wars.

For the reader’s convenience, the book is divided into three sections. The first contains the script, annotated by hundreds of visuals, many of which demonstrate the changing plotline and evolution of the characters. The second chapter consists of numerous examples of poster art, including advertising posters that were developed to present the film to the public in the United States as well as abroad. Finally, we devote the last section of The Art of Star Wars to the interpretations of the film by professional comic artists and cartoonists and the young fans who sustain the Star Wars theme.

A long time ago, in a galaxy far, far away...

A vast sea of stars serves as the backdrop for the main title. War drums echo through the heavens as a rollup slowly crawls into infinity.

It is a period of civil war. Rebel spaceships, striking from a hidden base, have won their first victory against the evil Galactic Empire.

During the battle, Rebel spies managed to steal secret plans to the Empire’s ultimate weapon, the Death Star, an armored space station with enough power to destroy an entire planet.

Pursued by the Empire’s sinister agents, Princess Leia races home aboard her starship, custodian of the stolen plans that can save her people and restore freedom to the galaxy...
The awesome yellow planet of Tatooine emerges from a
total eclipse, her two moons glowing against the
darkness. A tiny silver spacecraft, a Rebel Blockade
Runner firing lasers from the back of the ship, races
through space. It is pursued by a giant Imperial starship.
Hundreds of deadly laserbolts streak from the Imperial
Stardestroyer, causing the main solar fin of the Rebel craft
to disintegrate.

INTERIOR: REBEL BLOCKADE RUNNER—
MAIN PASSAGeway.

An explosion rocks the ship as two robots, Artoo-Detoo
(R2-D2) and See-Threepio (C-3PO) struggle to make
their way through the shaking, bouncing passageway.
Both robots are old and battered. Artoo is a short,
claw-armed tripod. His face is a mass of computer lights
surrounding a radar eye. Threepio, on the other hand, is a
tall, slender robot of human proportions. He has a
gleaming bronze-like metallic surface of an Art Deco
design.

Another blast shakes them as they struggle along their
way.

THREEPIO: Did you hear that? They’ve shut down
the main reactor. We’ll be destroyed for sure. This is
madness!

Rebel troopers rush past the robots and take up
positions in the main passageway. They aim their
weapons toward the door.

THREEPIO: We’re doomed!

The little R2 unit makes a series of electronic sounds
that only another robot could understand.

THREEPIO: There’ll be no escape for the Princess
this time.

Artoo continues making beeping sounds. Tension
mounts as loud metallic latches clank and the screams of
heavy equipment are heard moving around the outside
hall of the ship.

THREEPIO: What’s that?

EXTERIOR: SPACECRAFT IN SPACE.

The Imperial craft has easily overtaken the Rebel Blockade
Runner. The smaller Rebel ship is being drawn into the
underside dock of the giant Imperial starship.

INTERIOR: REBEL BLOCKADE RUNNER.

The nervous Rebel troopers aim their weapons. Suddenly
a tremendous blast opens up a hole in the main
passageway and a score of fearsome armored spacesuit
stormtroopers make their way into the smoke-filled
corridor.

In a few minutes the entire passageway is ablaze with
laserfire. The deadly bolts ricochet in wild random
patterns creating huge explosions. Stormtroopers scatter
and duck behind storage lockers. Laserbolts hit several
Rebel soldiers who scream and stagger through the
smoke, holding shattered arms and faces.

An explosion hits near the robots.

THREEPIO: I should have known better than to trust
the logic of a half-sized thermocapsular dehousing
assister...

Artoo counters with an angry rebuttal as the battle
rages around the two hapless robots.

EXTERIOR: TATOOINE—DESERT WASTELAND—DAY.

A death-white wasteland stretches from horizon to
horizon. The tremendous heat of two huge twin suns
settles on a lone figure, Luke Skywalker, a farm boy with
heroic aspirations who looks much younger than his
eighteen years. His shaggy hair and baggy tunic give him
the air of a simple but lovable lad with a prize-winning
smile.

A light wind whips at him as he adjusts several valves
on a long battered moisture vaporator which sticks out of
the desert floor much like an oil pipe with valves. He is
aided by a beat-up tread-robot with six claw arms. The
little robot appears to be barely functioning and moves
with jerky motions. A bright sparkle in the morning sky
catches Luke’s eye and he instinctively grabs a pair of
electrobinoculars from his utility belt. He stands
transfixed for a few moments studying the heavens, then
dashes toward his dented, crudely repaired Landspeeder
(an auto-like transport that travels a few feet above the
ground on a magnetic field). He motions for the tiny robot
to follow him.

LUKE: Hurry up! Come with me! What are you
waiting for?? Get in gear!

The robot scuttles around in a tight circle, stops short,
and smoke begins to pour out of every joint. Luke chunking
his arms up in disgust. Exasperated, the young farm boy
jumps into his Landspeeder laving the smoldering robot
to hum madly.

INTERIOR: REBEL BLOCKADE RUNNER—MAIN HALLWAY

The awesome, seven-foot-tall Dark Lord of The Sith makes his way into the blinding light of the main passageway. This is Darth Vader, right hand of the Emperor. His face is obscured by his flowing black robes and grotesque breath mask, which stands out next to the fascist white armored suits of the Imperial stormtroopers. Everyone instinctively backs away from the imposing warrior and a deathly quiet sweeps through the Rebel troops. Several of the Rebel troops break and run in a frenzied panic.

INTERIOR: REBEL BLOCKADE RUNNER

A woman’s hand puts a card into an opening in Artoo’s dome. Artoo makes beeping sounds.

INTERIOR: REBEL BLOCKADE RUNNER

Threepio stands in a hallway, somewhat bewildered. Artoo is nowhere in sight. The pitiful screams of the doomed Rebel soldiers can be heard in the distance.

THREEPIO: Artoo! Artoo-Detoo, where are you?

A familiar clanking sound attracts Threepio’s attention and he spots little Artoo at the end of the hallway in a smoke-filled alcove. A beautiful young girl (about sixteen years old) stands in front of Artoo. Surreptitious and out of place, dreamlike and half hidden in the smoke, she finishes adjusting something on Artoo’s computer face, then watches as the little robot joins his companion.

THREEPIO: At last! Where have you been?

Stormtroopers can be heard battling in the distance.

THREEPIO: They’re heading in this direction. What are we going to do? We’ll be sent to the spice mine of Kessel or smashed into who-knows-what.

Artoo scots past his bronze friend and races down the subhallway. Threepio chases after him.

THREEPIO: Wait a minute, where are you going?

Artoo responds with electronics beeps.

INTERIOR: REBEL BLOCKADE RUNNER—CORRIDOR

The evil Darth Vader stands amid the broken and twisted bodies of his foes. He grabs a wounded Rebel Officer by the neck as an Imperial Officer rushes up to the Dark Lord.

IMPERIAL OFFICER: The Death Star plans are not in the main computer.

VADER: Where are those transmissions you intercepted?

VADER: What have you done with those plans?

IMPERIAL OFFICER: We intercepted no transmissions.

AAAH... This is a consular ship. We’re on a diplomatic mission.

VADER: If this is a consular ship... where’s the Ambassador?

The Rebel refuses to speak but eventually crys out as the Dark Lord begins to squeeze the officer’s throat, creating a gruesome snapping and choking, until the soldier goes limp. Vader tosses the dead soldier against the wall and turns to his troops.

VADER: Commander, tear this ship apart until you’ve found those plans and bring me the Ambassador. I want her alive!

The stormtroopers scurry into the subhallways.
INTERIOR: REBEL BLOCKADE RUNNER—SUBHALLWAY
The lovely young girl huddles in a small alcove as the stormtroopers search through the ship. She is Princess Leia Organa, a member of the Alderaan Senate. The fear in her eyes slowly gives way to anger as the muted crunching sounds of the approaching stormtroopers grow louder. One of the troopers spots her.
TROOPER: There she is! Set for stun!
Leia steps from her hiding place and blasts a trooper with her laser pistol. She starts to run but is floored by a paralyzing ray. The troopers inspect her inert body.
TROOPER: She'll be all right. Inform Lord Vader we have a prisoner.

INTERIOR: REBEL BLOCKADE RUNNER—SUBHALLWAY
Artoo steps before the small hatch of an emergency lifepod. He dates the seal on the main latch and a red warning light begins to flash. The stubby astro-robot works his way into the cramped four-man pod.
THREEPIO: Hey, you're not permitted in there. It's restricted. You'll be deactivated for sure.
Artoo beeps something to him.
THREEPIO: Don't call me a mindless philosopher, you overweight glob of grease! Now come out before somebody sees you.
Artoo whistles something at his reluctant friend regarding the mission he is about to perform.
THREEPIO: Secret mission? What plans? What are you talking about? I'm not getting in there!
Artoo isn't happy with Threepo's stubbornness, and he beeps and twangs angrily.
A new explosion, this time very close, sends dust and debris through the narrow subhallway. Flames lick at Threepo and, after a flurry of electronic swarming from Artoo, the lanky robot jumps into the lifepod.
THREEPIO: I'm going to regret this.

EXTERIOR: REBEL BLOCKADE RUNNER
The safety door snaps shut, and with the thunder of exploding latches the tiny lifepod ejects from the disabled ship.

INTERIOR: IMPERIAL STARDESTROYER
On the main viewscreen, the lifepod carrying the two terrified robots speeds away from the stricken Rebel spacecraft.
CHIEF PILOT: There goes another one.
CAPTAIN: Hold your fire. There are no life forms. It must have been short-circuited.

INTERIOR: LIFEPOD
Artoo and Threepo look out at the receding Imperial starship. Stars circle as the pod rotates through the galaxy.
THREEPIO: That's funny. the damage doesn't look as bad from out here.
Artoo beeps an assuring response.
THREEPIO: Are you sure this thing is safe?

EXTERIOR: TATOOINE—ANCHORHEAD SETTLEMENT—POWER STATION—DAY
Heat waves radiate from the dozen or so bleached white buildings. Luke pilots his Landspeeder through the dusty empty street of the tiny settlement. An old Woman runs to

get out of the way of the speeding vehicle, shaking her fist at Luke as he flies past.

**WOMAN:** I've told you kids to slow down! Luke pulls up behind a low concrete service station that is all but covered by the shifting desert sands.

**INTERIOR: POWER STATION—DAY**

Luke bursts into the power station, waking The Fixer, a rugged mechanic and Camie, a sexy, disheveled girl who has been asleep on his lap. They grumble as he races through the office, yelling wildly.

**FIXER:** Did I hear a young noise blast through here?

**CAMEE:** It was just Wormie on another rampage.

Luke bounces into a small room behind the office where Deek and Windy, two tough boys about the same age as Luke, are playing a computer pool-like game with Biggs, a burly, handsome boy a few years older than the rest. His flashy city attire is a sharp contrast to the loose-fitting tunics of the farm boys. A robot repairs some equipment in the background.

**LUKE:** Shape it up you guys!... Biggs?

Luke’s surprise at the appearance of Biggs gives way to great joy and emotion. They give each other a great bear hug.

**LUKE:** I didn’t know you were back! When did you get in?

**BIGGS:** Just now. I wanted to surprise you, hot shot. I thought you’d be here... certainly didn’t expect you to be out working. (he laughs.)

**LUKE:** The Academy didn’t change you much... but you’re back so soon? Hey, what happened, didn’t you get your commission?

Biggs has an air of cool that seems slightly phony.

**BIGGS:** Of course I got it. Signed aboard The Rand Edipic last week. First mate Biggs Darklighter at your service... (he salutes)... I just came back to say good-bye to all you unfortunate landlocked simpletons.

Everyone laughs. The dazzling spectacle of his dashing friend is almost too much for Luke, but suddenly he snaps out of it.
LUKE: I almost forgot. There's a battle going on! Right here in our system. Come and look!
DEAK: Not again! Forget it.

Exterior: Tatooine—Anchorhead—Settlement—Power Station—Day

The group stumbles out into the stifling desert sun. Camie and The Fixer complain and are forced to shade their eyes. Luke has his binoculars out scanning the heavens.
LUKE: There they are!

Biggs takes the binoculars from Luke as the others strain to see something with the naked eye. Through the binoculars Biggs sees two small silver specks.

BIGGS: That's no battle, hot shot... they're just sitting there! Probably a freighter-tanker refueling.
LUKE: But there was a lot of firing earlier...

Camie grabs the binoculars away bringing them against the building in the process. Luke grabs them.
LUKE: Hey, easy with those.
CAMIE: Don't worry about it, Wormie.

The Fixer gives Luke a hard look and the young farm boy shrugs his shoulders in resignation.
FIXER: I keep telling you, the Rebellion is a long way from here. I doubt if the Empire would even fight to keep this system. Believe me Luke, this planet is a big hunk of nothing...

Luke agrees, although it's obvious he isn't sure why. The group stumbles back into the power station, grumbling about Luke's ineptitude.

Interior: Rebel Blockade Runner—Hallway

Princess Leia is led down a low-ceilinged hallway by a squad of armored stormtroopers. Her hands are bound and she is brutally shoved when she is unable to keep up with the briskly marching troops. They stop in a smoky hallway as Darth Vader emerges from the shadows. The sinister Dark Lord stares hard at the frail young senator, but she doesn't move.
LEIA: Lord Vader, I should have known. Only you could be so bold. The Imperial Senate will not sit still for this, when they hear you've attacked a diplomatic...

VADER: Don't play games with me, Your Highness. You weren't on any mercy mission this time. You passed directly through a restricted system. Several transmissions were beamed to this ship by Rebel spies. I want to know what happened to the plans they sent you.
LEIA: I don't know what you're talking about. I'm a member of the Imperial Senate on a diplomatic mission to Alderaan...

VADER: You're a part of the Rebel Alliance... and a traitor. Take her away!

Leia is marched away down the hallway and into the smoldering hole blasted in the side of the ship. An Imperial Commander turns to Vader.
COMMANDER: Holding her is dangerous. If word of this gets out, it could generate sympathy for the Rebellion in the senate.
VADER: I have traced the Rebel spies to her. Now she is my only link to find their secret base!
COMMANDER: She’ll die before she’ll tell you anything.
VADER: Leave that to me. Send a distress signal and then inform the senator that all aboard were killed!

Another Imperial Officer approaches Vader and the Commander. They stop and snap to attention.
SECOND OFFICER: Lord Vader, the battle station plans are not aboard this ship! And no transmissions were made. An escape pod was jettisoned during the fighting, but no life forms were aboard.
Vader turns to the commander.
VADER: She must have hidden the plans in the escape pod. Send a detachment down to retrieve them. See to it personally, Commander. There’ll be no one to stop us this time.
SECOND OFFICER: Yes, sir.

EXTERIOR: SPACE
The Imperial Star Destroyer comes over the surface of the planet Tatooine.

EXTERIOR: TATOOINE—DESERT
Jundland, or “No Man’s Land,” where the rugged desert meets the foreboding dune sea. The two helpless astrobot kicks up clouds of sand as they leave the lifepod and clumsily work their way across the desert wasteland. The lifepod in the distance rests half buried in the sand.

THREEPIO: How did we get into this mess? I really don’t know how. We seem to be made to suffer. It’s our lot in life.
Artoo answers with beeping sounds.
THREEPIO: I’ve got to rest before I fall apart. My joints are almost frozen.
Artoo continues to respond with beeping sounds.
THREEPIO: What a desolate place this is.
Suddenly Artoo whistles, makes a sharp right turn and starts off in the direction of the rocky desert mesa. Threepio says and-yells at him.
THREEPIO: Where are you going?
A stream of electronic noises pours forth from the small robot.
THREEPIO: Well, I’m not going that way. It’s much too rocky. This way is much easier.
Artoo counters with a long whistle.
THREEPIO: What makes you think there are settlements over there?
Artoo continues to make beeping sounds.
THREEPIO: Don’t get technical with me.
Artoo continues to make beeping sounds.
THREEPIO: What mission? What are you talking about? I’ve had just about enough of you! Go that way! You’ll be malfunctioning within a day, you nearsighted scrap pile!
Threepio gives the little robot a kick and starts off in the direction of the vast dune sea.
THREEPIO: And don’t let me catch you following me begging for help, because you won’t get it.
Artoo’s reply is a rather rude sound. He turns and trudges off in the direction of the towering mesas.
THREEPIO: No more adventures. I’m not going that way.
Artoo beeps to himself as he makes his way toward the distant mountains.

Left: Storyboards, Alex Tavoularis
EXTERIOR: TATOOINE—DUNE SEA

Threepio, hot and tired, struggles up over the ridge of a dune; only to find more dunes, which seem to go on for endless miles. He looks back in the direction of the now distant rock mesas.

THREEPIO: That malfunctioning little twerp. This is all his fault! He tricked me into going this way, but he’ll do no better.

In a huff of anger and frustration, Threepio knocks the sand from his joints. His plight seems hopeless, when a glint of reflected light in the distance reveals an object moving toward him.

THREEPIO: Wait, what’s that? A transport! I’m saved!

The Bronze android waves frantically and yells at the approaching transport.

THREEPIO: Over here! Help! Please, help!

EXTERIOR: TATOOINE—ANCHORHEAD SETTLEMENT—DAY

Luke and Biggs are walking and drinking a malt brew. Fixer and the others can be heard working inside.

LUKE: (Very animated) . . . so I cut off my power, shut down the afterburners and came in low on Deak’s trail. I was so close I thought I was going to fry my instruments. As it was I hustled up the Skyhopper pretty bad. Uncle Owen was pretty upset. He grounded me for the rest of the season.

You should have been there . . . it was fantastic.

BIGGS: You ought to take it a little easy, Luke. You may be the hottest bushpilot this side of Mos Eisley, but those little Skyhoppers are dangerous. Keep it up, and one day, whammo, you’re going to be nothing more than a dark spot on the down side of a canyon wall.

LUKE: Look who’s talking. Now that you’ve been around those giant starships you’re beginning to sound like my uncle. You’ve gotten soft in the city...

BIGGS: I’ve missed you, kid.

LUKE: Well, things haven’t been the same since you left, Biggs. It’s been so . . . quiet.

Biggs looks around then leans close to Luke.

BIGGS: Luke, I didn’t come back just to say goodbye . . . I shouldn’t tell you this, but you’re the only one I can trust . . . and if I don’t come back, I want somebody to know.

Luke’s eyes are wide with Biggs’ seriousness and loyalty.

LUKE: What are you talking about?

BIGGS: I made some friends at the Academy.

(his whispers) . . . when our frigate goes to one of the central systems, we’re going to jump ship and join the Alliance . . .

Luke, amazed and stunned, is almost speechless.

LUKE: Join the Rebellion?! Are you kidding? How?
BIGGS: Quiet down ya! You got a mouth bigger than a meteor crater!
LUKE: I'm sorry. I'm quiet. (he whispers) Listen how quiet I am. You can barely hear me...
   Biggs shakes his head angrily and then continues.
BIGGS: My friend has a friend on Bespin who might help us make contact.
LUKE: You're crazy! You could wander around forever trying to find them.
BIGGS: I know it's a long shot, but if I don't find them I'll do what I can on my own... It's what we always talked about. Luke, I'm not going to wait for the Empire todraft me into service. The Rebellion is spreading and I want to be on the right side—the side I believe in.
LUKE: And I'm stuck here...
BIGGS: I thought you were going to the Academy next term. You'll get your chance to get off this rock.
LUKE: Not likely! I had to cancel my application. There has been a lot of unrest among the Sandpeople since you left... they've even raided the outskirts of Anchorhead.
BIGGS: Your uncle could hold off a whole colony of Sandpeople with one blaster.
LUKE: I know, but he's got enough vaporators going to make the place pay off. He needs me for just one more season, I can't leave him now.
BIGGS: I feel for you, Luke. You're going to have to learn what seems to be important or what really is important. What good is all your uncle's work if it's taken over by the Empire? You know they're starting to nationalize commerce in the central systems... it won't be long before your uncle is merely a tenant, slaving for the greater glory of the Empire.
LUKE: It couldn't happen here. You said it yourself. The Empire won't bother with this rock.
BIGGS: Things always change.
LUKE: I wish I was going... Are you going to be around long?
BIGGS: No, I'm leaving in the morning...
LUKE: Then I guess I won't see you.
BIGGS: Maybe someday... I'll keep a lookout.
LUKE: Well, I'll be at the Academy next season... after that who knows. I won't be drafted into the Imperial Starfleet that's for sure... take care of yourself, you'll always be the best friend I've got.
   Biggs turns away from his old friend and heads back towards the power station.

EXTERIOR: TATOOINE—ROCK CANYON—

The gargantuan rock formations are shrouded in a strange foreboding mist and the ominous sounds of unearthly creatures fill the air. Artoo moves cautiously through the creepy rock canyon, inadvertently making a loud clacking noise...

DESCRIPTION: JAWAS CARRY ARTIEO TO ...
Artoo enters a wide room with a four-foot ceiling. In the middle of the scrap heap sit a dozen or so robots of various shapes and sizes. Some are engaged in electronic conversation, while others simply mill about. A voice recognition call out from the gloom.

THREEPIO: Artoo—Detoo! It's you! It's you!

A battered Threepi scrambles up to Artoo as Artoo embraces him.

EXTERIOR: TATOOINE—ROCK CANYON—SANDCRAWLER—SUNSET

The enormous Sandcrawler lumbers off toward its magnificent twin suns, which are slowly setting over a distant mountain ridge.

EXTERIOR: TATOOINE—DESERT—DAY

Four Imperial stormtroopers mill about in front of the half-buried spaceship that brought Artoo and Threepio to Tatooine. A trooper yells to an officer some distance away.

FIRST TROOPER: Someone was in the pod. The tracks go off in this direction.

A Second Trooper picks a small bit of metal out of the sand and gives it to the first trooper.

SECOND TROOPER: Look, sir—droids.

EXTERIOR: TATOOINE—DUINES

The Sandcrawler moves slowly down a great sand dune.

INTERIOR: SANDCRAWLER

Threepi and Artoo noiseously bounce along inside the cramped prison chamber. Artoo appears to be shut off.

THREEPIO: Wake up! Wake up!

Suddenly the shuffling and bouncing of the Sandcrawler stops, creating quite a commotion among the men in the hold. Threepi's fist bangs the head of Artoo while computer lights pop on as he begins beeping. At the end of the long chamber a hatch opens, filling the chamber with blinding white light. A dozen or so Jawas move the way through the odd assortment of robots.

THREEPIO: We're doomed.

A Jawa starts moving toward them.

THREEPIO: Do you think they'll melt us down?

Artoo responds, making beeping sounds.

THREEPIO: Don't shoot! Don't shoot! Will this never end?

EXTERIOR: TATOOINE—DESERT—LARS HOMESTEAD—AFTERNOON

The Jawas mutter gibberish as they busily line up the battered captives, including Artoo and Threepi, in front of the enormous Sandcrawler, which is perched beside a small homestead consisting of three large holes in the ground surrounded by several tall moisture vaporators and one small adobe block house.

The Jawas scurry around fussing over the robots, straightening them up or brushing some dust from a dented metallic elbow. The shrouded little creatures smell horribly, attracting small insects to the dark areas where their mouths and nostrils should be.

Out of the shadows of a dingy side-building limps Owen Lars, a large burly man in his mid-fifties. His reddish eyes are sunken in a dust-covered face. As the farmer carefully inspects each of the robots, he is closely followed by his handsome-shouldered nephew, Luke Skywalker. One of the vile little Jawas walks ahead of the
farmer spouting an animated sales pitch in a queer, unintelligible language.

A voice calls out from one of the huge holes that form the homestead. Luke goes over to the edge and sees his Aunt Beru standing in the main courtyard.

BERT: Luke, tell Owen that if he gets a translator to be sure it speaks Boccie.
LUKE: It looks like we don’t have much of a choice but I’ll remind him.

Luke returns to his uncle as they look over the equipment for sale with the Jawas leader.

OWEN: I have no need for a protocol droid.
THREEPIO: (quickly) Sir—not in an environment such as this—that’s why I’ve also been programmed for over thirty secondary functions that...

OWEN: What I really need is a droid that understands the binary language of moisture vaporators.
THREEPIO: Vaporators! Sir—My first job was programming binary load lifters...very similar to your vaporators. You could say...

OWEN: Do you speak Boccie?
THREEPIO: Of course I can, sir. It’s like a second language for me...I’m as fluent in Boccie...

OWEN: All right; shut up! (turning to Jawa) I’ll take this one.
THREEPIO: Shutting up, sir.
OWEN: Luke, take these two over to the garage. Will you? I want you to have both of them cleaned up before dinner.

LUKE: But I was going into Toshi Station to pick up some power converters...

OWEN: You can waste time with your friends when your chores are done. Now come on, get to it!
LUKE: All right, come on! And the red one, come on. Well, come on. Red, let’s go.

As the Jawas start to lead the three remaining robots back into the Sandcrawler, Artoo lets out a pathetic little beep and starts after his old friend Threepio. He is restrained by a slimy Jawa, who sips him with a control box.

Owen is negotiating with the head Jawa. Luke and the two robots start for the garage when a plate pops off the head of the red astrobot, throwing parts all over the ground. He adjusts the astrobot’s head plate and it sparks wildly.

LUKE: Uncle Owen...
OWEN: Yeah?
LUKE: This R2 unit has a bad motivator. Look!
OWEN: (to the head Jawa)

Hey, what’re you trying to push on us?
The Jawa goes into a loud spiel. Meanwhile, Artoo has sneaked out of line and is moving up and down trying to attract attention. He lets out with a low whistle. Threepio taps Luke on the shoulder.

THREEPIO: (pointing to Artoo) Excuse me, sir, but that R2 unit is in prime condition. A real bargain.
LUKE: Uncle Owen...
OWEN: Yeah?
LUKE: What about that one?
OWEN: (to Jawa) What about that blue one? We’ll take that one.

With a little reluctance the scruffy dwarf trades the damaged astrobot for Artoo.
LUKE: Yeah, take this away.
THREEPIO: Uh, I’m quite sure you’ll be very pleased with that one, sir. He really is in first-class condi-

The garage is cluttered and worn, but a friendly peaceful atmosphere pervades the low grey chamber. ThreePioloovers himself into a large tub filled with warm oil. Near the battered Landspeeder little Artoo rests on a large battery with a cord attached to his face.

THREEPIO: Thank the maker! This oil bath is going to feel so good. I've got such a bad case of dust contamination, I can barely move!

Artoo keeps a muffled reply. Luke seems to be lost in thought as he runs his hand over the damaged fin of a small two-man Skyhopper spaceship resting in a low hangar off the garage. Finally Luke's frustrations get the better of him and he slams a wrench across the workbench.

LUKE: It just isn't fair. Oh, Biggs is right. I'm never gonna get out of here!

THREEPIO: Is there anything I might do to help?

Luke glances at the battered robot. A bit of his anger drains and a tiny smile creeps across his face.

LUKE: Well, not unless you can alter time, speed up the harvest, or teleport me off this rock!

THREEPIO: I don't think so, sir. I'm only a droid and not very knowledgeable about such things. Not on this planet, anyway. As a matter of fact, I'm not even sure which planet I'm on.

LUKE: Well, if there's a bright center to the universe, you're on the planet that it's farthest from.

THREEPIO: I see, sir.

LUKE: Uh, you can call me Luke.

THREEPIO: And I am See-Threepio, human-cyborg relations, and this is my counterpart, Artoo-Detoo.

LUKE: Hello.

Artoo beeps in response. Luke unplugs Artoo and begins to scrape several connectors on the robot's head with a chrome pick. ThreePioloors out of the oil tub and begins wiping oil from his bronze body.

LUKE: You got a lot of carbon scoring here. It looks like you boys have seen a lot of action.

THREEPIO: With all we've been through, sometimes I'm amazed we're in as good condition as we are, what with the Rebellion and all.

Luke sparks to life at the mention of the Rebellion.

LUKE: You know of the Rebellion against the Empire?

THREEPIO: That's how we came to be in your service, if you take my meaning, sir.

LUKE: Have you been in many battles?

THREEPIO: Several, I think. Actually, there's not much to tell. I'm not much more than an interpreter, and not very good at telling stories. Well, not at making them interesting, anyway.

Luke struggles to remove a small metal fragment from Artoo's neck joint. He uses a larger pick.

LUKE: Well, my little friend, you've got something jammed here real good. Were you on a starcruiser or...

The fragment breaks loose with a snap, sending Luke tumbling head over heels. He sits up and sees a twelve-inch three-dimensional hologram of Leia Organa, the Rebel senator, being projected from the face of little Artoo. The image is a rainbow of colors as it flickers and...
LEIA: Help me, Obi-Wan Kenobi. You’re my only hope.
LUKE: What’s this?
Artoo looks around and sheepishly keeps an answer for Threepio to translate. Leia continues to repeat the sentence fragment over and over.
THREEPIO: What is what?? He asked you a question… (pointing at Leia) What is that?
Artoo whistles his surprise as he pretends to just notice the hologram. He looks around and sheepishly keeps an answer for Threepio to translate. Leia continues to repeat the sentence fragment over and over.
LEIA: Help me, Obi-Wan Kenobi. You’re my only hope. Help me, Obi-Wan Kenobi. You’re my only hope.
THREEPIO: Oh, he says it’s nothing, sir. Merely a malfunction. Old data. Pay it no mind.
Luke becomes intrigued by the beautiful young girl.
LUKE: Who is she? She’s beautiful.
THREEPIO: I’m afraid I’m not quite sure, sir.
LEIA: Help me, Obi-Wan Kenobi…
THREEPIO: I think she was a passenger on our last voyage. A person of some importance, sir—I believe. Our captain was attached to…
LUKE: Is there more to this recording?
Luke reaches for Artoo but he lets out several frantic squeaks and a whistle.
THREEPIO: Behave yourself, Artoo. You’re going to get us in trouble. It’s all right, you can trust him. We’re our new master.
Artoo whistles and keeps a long message to Threepio.
THREEPIO: He says he’s the property of Obi-Wan Kenobi, a resident of these parts. And it’s a private message for him. Quite frankly, sir, I don’t know what he’s talking about. Our last master was Captain Antilles, but with what we’ve been through, this little R2 unit has become a bit eccentric.
LUKE: Obi-Wan Kenobi? I wonder if he means old Ben Kenobi?
THREEPIO: I beg your pardon, sir, but do you know what he’s talking about?
LUKE: Well, I don’t know anyone named Obi-Wan, but old Ben lives out beyond the dune sea. He’s kind of a strange old hermit.
Luke gazes at the beautiful young princess for a few moments.
LUKE: I wonder who she is. It sounds like she’s in trouble. I’d better play back the whole thing.
Artoo keeps something to Threepio.
THREEPIO: He says the restraining bolt has short circuited his recording system. He suggests that if you remove the bolt, he might be able to play back the entire recording.
Luke looks longingly at the lovely, little princess and hasn’t really heard what Threepio has been saying.
LUKE: H’m? Oh, yeah, well, I guess you’re too small to run away on me if I take this off! Okay.
Luke takes a wedged bar and pops the restraining bolt off Artoo’s side.
LUKE: There you go.
The princess immediately disappears…
LUKE: Well, wait a minute. Where’d she go? Bring her back! Play back the entire message.

Artoo beeps an innocent reply as Threepio sits up in embarrassment.

THREEPIO: What message? The one you’ve just been playing. The one you’re carrying inside your rusty innards!

A woman’s voice calls out from the other room.

Luke stands up and shakes his head at the malfunctioning robot.

LUKE: All right, I’ll be right there, Aunt Beru.

THREEPIO: I’m sorry, sir, but he appears to have picked up a slight flutter.

Luke tosses Artoo’s restraining bolt on the workbench and hurries out of the room.

LUKE: Well, see what you can do with him. I’ll be right back.

THREEPIO: (to Artoo) Just you reconsider playing that message for him.

Artoo beeps in response.

THREEPIO: No, I don’t think he likes you at all.

Artoo beeps.

THREEPIO: No, I don’t like you either.

INTERIOR: LAR’S HOMESTEAD—DINING AREA

Luke’s Aunt Beru, a warm, motherly woman, fills a pitcher with blue fluid from a refrigerated container in the well-used kitchen. She puts the pitcher on a tray with some bowls of food and starts for the dining area.

Luke sits with his Uncle Owen before a table covered with steaming bowls of food as Aunt Beru carries in a bowl of red grain.

LUKE: You know, I think that R2 unit we bought might have been stolen.

OWEN: What makes you think that?

LUKE: Well, I stumbled across a recording while I was cleaning him. He says he belongs to someone called Obi-Wan Kenobi.

Owen is greatly alarmed at the mention of this name, but manages to control himself.

LUKE: I thought he might have meant old Ben. Do you know what he’s talking about? Well, I wonder if he’s related to Ben.

Owen breaks loose with a fit of uncontrolled anger.

OWEN: That old man’s just a crazy wizard. Tomorrow I want you to take that R2 unit into Anchorhead and have its memory flushed. That’ll be the end of it. It belongs to us now.

LUKE: But what if this Obi-Wan comes looking for him?

OWEN: He won’t. I don’t think he exists any more. He died about the same time as your father.

LUKE: He knew my father?

OWEN: I told you to forget it. Your only concern is to prepare the new droids for tomorrow. In the morning I want them on the south ridge working on those condensers.

LUKE: Yes, sir. I think those new droids are going to work out fine. In fact, I, uh, was also thinking about our agreement about my staying on another season. And if these new droids do work out, I want to transmit my application to the Academy this year.

Owen’s face becomes a scowl, although he tries to suppress it.

OWEN: You mean the next semester before harvest?

LUKE: Sure, there’re more than enough droids.

OWEN: Harvest is when I need you the most. Only one more season. This year we’ll make enough of the harvest so I’ll be able to hire some more hand labour.

And then you can go to the Academy next year.

Luke continues to toy with his food, not looking at his uncle.

OWEN: You must understand I need you here.

LUKE: But it’s a whole ‘nother year.

OWEN: Look, it’s only one more season.

Luke pushes his half-eaten plate of food aside and stands.

LUKE: Yeah, that’s what you said last year when Biggs and Tank left.

AUNT BERU: Where are you going?
LUKE: It looks like I'm going nowhere. I have to finish cleaning those droids.

Resigned to his fate, Luke paddles out of the room. Owen mechanically finishes his dinner.

AUNT BERU: Owen, he can't stay here forever. Most of his friends have gone. It means so much to him.

Owen: I'll make it up to him next year. I promise.

Owen: That's what I'm afraid of.

INTERIOR: TATOOINE—LARS HOMESTEAD

The giant twin suns of Tatooine slowly disappear behind a distant dune range. Luke stands watching them for a few moments, then reluctantly enters the domed entrance to the homestead.

INTERIOR: LARS HOMESTEAD—GARAGE

Luke enters the garage to discover the robots nowhere in sight. He takes a small control box from his utility belt similar to the one they were carrying. He activates the box, which creates a low hum, and Threepio, letting out a short yell, pops up from behind the Skystopper spaceship.

LUKE: What are you doing hiding there?

Threepio stumbles forward, but Artoo is still nowhere in sight.

THREEPIO: It wasn't my fault, sir. Please don't deactivate me. I told him not to go, but he's faulty, malfunctioning; kept babbling on about his mission.

LUKE: Oh, no!

Luke races out of the garage followed by Threepio.

INTERIOR: TATOOINE—LARS HOMESTEAD

Luke rushes out of the small domed entry to the homestead and searches the darkening horizon for the small tripod astro-robot. Threepio struggles out of the homestead and on the salt flat as Luke scans the landscape with his electrobinoculars.

THREEPIO: That R2 unit has always been a problem. These astro-droids are getting quite out of hand. Even I can't understand their logic at times.

LUKE: How could I be so stupid? He's nowhere in sight. Blast it!

THREEPIO: Pardon me, sir, but couldn't we go after him?

LUKE: It's too dangerous with all the Sandpeople around. We'll have to wait until morning.

Owen yells up from the homestead plaza.

OWEN: Luke, I'm shutting the power down for the night.

LUKE: All right. I'll be there in a few minutes. Boy, am I gonna get it. He takes one final look across the dim horizon.

You know that little droid is going to cause me a lot of trouble.

THREEPIO: Oh, he excels at that, sir.

INTERIOR: LARS HOMESTEAD—PLAZA

Morning slowly creeps into the sparse but sparkling oasis of the open courtyard. The idyll is broken by the yelling of Uncle Owen, his voice echoing throughout the homestead.

INTERIOR: LARS HOMESTEAD—KITCHEN

The interior of the kitchen is a warm glow as Aunt Beru prepares the morning breakfast. Owen enters in a huff.

AUNT BERU: Have you seen Luke this morning?

OWEN: He said he had some things to do before he started today, so he left early.

OWEN: Uh? Did he take those two new droids with him?

AUNT BERU: I think so.

OWEN: Well, he'd better have those units in the south range repaired by midday or there'll be hell to pay!
Right: Photograph of Aunt Beru’s kitchen set, John Jay
Owen isn't going to take this very well.

**THREEPIO:** Sir, would it help if you told him it was my fault.

**LUKE:** (brightening) Sure. He needs you. He probably only deactivated you for a day or so...

**THREEPIO:** Deactivate? Well, on the other hand you hadn't removed his restraining bolt...

**LUKE:** Wait, there's something dead ahead on our scanner. It looks like our droid... hit the accelerator.

**EXTERIOR:** TATOOINE—ROCK MESA—DUNE SEA—COASTLINE—DAY

From high on a rock mesa, the tiny Landspeeder can be seen gliding across the desert floor. Suddenly in the foreground two weather-beaten Sandpeople scoured their grizzled desert cloaks peer over the edge of the rock mesa. One of the marginaly human creatures raises his long ominous laser rifle and points it at the speeder. The second creature grabs the gun before it can be fired.

The Sandpeople, or Tusken Raiders as they're sometimes called, speak in a coarse barbaric languages and get into an animated argument. The second Tusk Raider seems to get in the final word and the nona scurry over the rocky terrain.

**EXTERIOR:** TATOOINE—ROCK MESA—CANYON

The Tusken Raiders approach two large Baurusas standing tied to a rock. The monstrous, bear-like creatures are large as elephants, with huge red eyes, tremendous loop horns, and long, furry, dinosaur-like tails. The Tusk Raiders mount saddles strapped to the huge creature's sluggish backs and ride off down the rugged bluff.

**EXTERIOR:** TATOOINE—ROCK CANYON—FLOOR

The speeder is parked on the floor of a massive canyon. Luke, with his long laser rifle slung over his shoulder, stands before little Artoo.

**LUKE:** Hey, whoa, just where do you think you're going?

The little droid whistles a feebly reply, as Threepo poses menacingly behind the little runaway.

**THREEPIO:** Master Luke here is your rightful owner. We'll have no more of this Obi-Wan Kenobi business... and don't talk to me of your mission either. You're fortunate he doesn't blast you into millions of pieces right here.

**LUKE:** Well, come on. It's getting late. I only hope we get back before Uncle Owen really blows up.

**THREEPIO:** If you don't mind my saying so, sir, think you should deactivate the little fugitive until you've gotten him back to your world.

**LUKE:** No, he's not going to try anything. Suddenly the little robot jumps to life with a mass of frantic whistles and screams.

**LUKE:** What's wrong with him now?

**THREEPIO:** Oh my... sir, he says there are seven Sandpeople approaching from the southeast.

Luke swings his rifle into position and looks to the south.

**LUKE:** Sandpeople! Or worse! Come on, let's have a look. Come on.

**EXTERIOR:** TATOOINE—ROCK CANYON—RIDGE—DAY

Luke carefully makes his way to the top of a rock ridge and scans the canyon with his electrobinoculars. He spots...
...no riderless Banthas. Threepio struggles up behind the
wagon adventurer.

LUCY: There are two Banthas down there but I don't
see any... wait a second, they're Sandpeople all
right. I can see one of them now.

Luke watches the distant Tusken Raider through his
telescopic binoculars. Suddenly something huge moves in
out of his field of view. Before Luke or Threepio can
care, a large, gruesome Tusken Raider looms over them.
Threepio is startled and backs away, right off the side of
the cliff. He can be heard for several moments as he
wails, bangs and rattles down the side of the mountain.
The towering creature brings down his curved,
white-pointed gaderffii—the dreaded axe blade that has
stirred terror in the heart of the local settlers. But Luke
manages to block the blow with his laser rifle, which is
smashed to pieces. The terrified farm boy scrambles
backward until he is forced to the edge of a deep crevice.
The sinister Raider stands over him with his weapon
raised and lets out a horrible shrieking laugh.
EXTERIOR: TATOOINE—ROCK CANYON—FLOOR—DAY

Artoo forces himself into the shadows of a small alcove in the rocks as the vicious Sandpeople walk past carrying the inert Luke Skywalker, who is dropped in a heap before the speeder. The Sandpeople ransack the speeder, throwing parts and supplies in all directions. Suddenly they stop. Then everything is quiet for a few moments. A great howling moan is heard echoing throughout the canyon which sends the Sandpeople fleeing in terror.

Artoo moves even tighter into the shadows as the slight swishing sound that frightened off the Sandpeople grows even closer. Until a shabby old desert-rat-of-a-man appears and leans over Luke. His ancient leathery face, cracked and weathered by exotic climates is set off by dark, penetrating eyes and a scruffy white beard. Ben Kenobi squints his eyes as he scrutinizes the unconscious farm boy. Artoo makes a slight sound and Ben turns and looks right at him.

BEN: Hello there! Come here, my little friend. Don’t be afraid.

Artoo waddles over to where Luke lies crumpled in a heap and begins to whistle and bleep his concern. Ben puts his hand on Luke’s forehead and he begins to come around.

BEN: Don’t worry, he’ll be all right.

LUKE: What happened?

BEN: Rest easy, son, you’ve had a busy day. You’re fortunate you’re still in one piece.

BEN: The Jundland wastes are not to be traveled lightly. Tell me, young Luke, what brings you out this far?

LUKE: Oh, this little droid! I think he’s searching for his former master… I’ve never seen such devotion in a droid before… there seems to be no stopping him. He claims to be the property of an Obi-Wan Kenobi. Is he a relative of yours? Do you know who he’s talking about?

Ben ponders this for a moment, scratching his scruffy beard.

BEN: Obi-Wan Kenobi… Obi-Wan? Now that’s a name I haven’t heard in a long time… a long time.

LUKE: I think my uncle knew him. He said he was dead…

BEN: Oh, he’s not dead, not… not yet.

LUKE: You know him?

BEN: Well of course, of course I know him. He’s me! I haven’t gone by the name Obi-Wan since oh, before you were born.

LUKE: Then this droid does belong to you.

BEN: Don’t seem to remember ever owning a droid. Very interesting…

He suddenly looks up at the overhanging cliffs.

BEN: I think we better get indoors. The Sandpeople are easily startled but they will soon be back and in greater numbers.

LUKE: Threeepio!

INTERIOR: KENOBIS DWELLING

The small, spartan hovel is cluttered with desert junk but still manages to radiate an air of time-worn comfort and security. Luke is in one corner repairing Threeepio’s arm as old Ben sits thinking.

LUKE: Huh. My father didn’t fight in the wars. He was a navigator on a spice freighter.

BEN: That’s what your uncle told you. He didn’t
BEN: Your father’s lightsaber. This is the weapon of a Jedi Knight. Not as clumsy or as random as a blaster.

Luke pushes a button on the handle. A long beam shoots out about four feet and flickers there. The light plays across the ceiling.

BEN: An elegant weapon for a more civilized time. For over a thousand generations the Jedi Knights were the guardians of peace and justice in the Old Republic. Before the dark times, before the Empire.

Luke hasn’t really been listening.

LUKE: How did my father die?

BEN: A young Jedi named Darth Vader, who was a pupil of mine until he turned to evil, helped the Empire hunt down and destroy the Jedi Knights. He betrayed and murdered your father. Now the Jedi are all but extinct. Vader was seduced by the dark side of the Force.

LUKE: The Force?

BEN: Well, the Force is what gives the Jedi his power. It’s an energy field created by all living things. It surrounds us and penetrates us. It binds the galaxy together.

Artoo makes beeping sounds.

BEN: Now, let’s see if we can’t figure out what you are, my little friend. And where you come from.

LUKE: I saw part of the message he was…

Luke is cut short as the recorded image of the beautiful young Rebel princess is projected from Artoo’s face.

BEN: I seem to have found it.

Luke stops his work as the lovely girl’s image flickers before his eyes.

LEIA: General Kenobi, years ago you served my father in the Clone Wars. Now he begs you to help him in his struggle against the Empire. I regret that I am unable to present my father’s request to you in person, but my ship has fallen under attack. I am afraid my mission to bring you to Alderaan has failed. I have placed information vital to the survival of the Rebellion into the memory systems of this R2 unit. My father will know how to retrieve it. You must see this droid safely delivered to him on Alderaan. This is our most desperate hour. Help me, Obi-Wan Kenobi, you’re my only hope.

There is a little static and the transmission is cut short. Old Ben leans back and scratches his head. He silently puffs on a tarnished chrome water pipe. Luke has stars in his eyes.

BEN: You must learn the ways of the Force if you’re to come with me to Alderaan.

LUKE: (laughing) Alderaan? I’m not going to Alderaan. I’ve got to go home. It’s late, I’m in for it as it is.

BEN: I need your help, Luke. She needs your help. I’m getting too old for this sort of thing.

LUKE: I can’t get involved! I’ve got work to do! It’s not that I like the Empire. I hate it! But there’s nothing I can do about it right now. It’s such a long way from here.

BEN: That’s your uncle talking.

LUKE: (sighing) Oh, God, my uncle. How am I ever going to explain this?

LUKE: Look, I can take you as far as Anchorhead. You can get a transport there to Mos Eisley or wherever you’re going.

BEN: You must do what you feel is right, of course.

EXTERIOR: SPACE

An Imperial Stardestroyer heads toward the evil planet-like battle station: the Death Star!

INTERIOR: DEATH STAR—CONFERENCE ROOM

Eight Imperial senators and generals sit around a black conference table. Imperial stormtroopers stand guard around the room. Commander Tagge, a young, slimy-looking general, is speaking.

TAGGE: Until this battle station is fully operational we are vulnerable. The Rebel Alliance is too well equipped. They’re more dangerous than you realize.

The bitter Admiral Motti twists nervously in his chair.

MOTTI: Dangerous to your starfleet, Commander; not to this battle station!

TAGGE: The Rebellion will continue to gain support in the Imperial Senate as long as…

Suddenly all heads turn as Commander Tagge’s speech is cut short and the Grand Moff Tarkin, governor of the Imperial outland regions, enters. He is followed by a powerful ally, the Sith Lord, Darth Vader. All of the generals stand and bow before the thin, evil-looking governor as he takes his place at the head of the table. The Dark Lord stands behind him.

TARKIN: The Imperial Senate will no longer be a concern to us. I’ve just read word that the Emperor has dissolved the council permanently. The last remnants of the Old Republic have been swept away.

TAGGE: That’s impossible! How will the Emperor maintain control without the bureaucracy?

TARKIN: The regional governors now have direct control over territories. Fear will keep the local systems in line. Fear of this battle station.

TAGGE: And what of the Rebellion? If the Rebellion have obtained a complete technical readout of the station, it is possible, however unlikely, that they might find a weakness and exploit it.

VADER: The plans you refer to will soon be back in our hands.

MOTTI: Any attack made by the Rebels against the station would be a useless gesture, no matter what technical data they’ve obtained. This station is the ultimate power in the universe. I suggest we use it!

VADER: Don’t be too proud of this technological terror you’ve constructed. The ability to destroy a planet is insignificant next to the power of the Force.

MOTTI: Don’t try to frighten us with your sorcerer ways, Lord Vader. Your sad devotion to that ancient religion has not helped you conjure up the stolen data tapes, or given you clairvoyance enough to find the Rebel’s hidden fort…

Suddenly Motti chokes and starts to turn blue under Vader’s spell.

VADER: I find your lack of faith disturbing.

TARKIN: Enough of this! Vader, release him!

VADER: As you wish.

TARKIN: This bickering is pointless. Lord Vader will provide us with the location of the Rebel fortress. The time this station is operational, we will crush the Rebellion with one swift stroke.

EXTERIOR: TATOOINE—WASTELAND

The speeder stops before what remains of the huge junkyard of the Sandcrawler. Luke and Ben walk among the smoldering rubble and scattered bodies.

LUKE: It looks like Sandpeople did this, all right. Look, here are Gaffi sticks, Bantha tracks. It’s just as I’ve heard; I never heard of them hitting anything this big before.

Ben is crouching in the sand studying the tracks.

BEN: They didn’t. But we are meant to think they did. These tracks are side by side. Sandpeople always ride single file to hide their numbers.

LUKE: These are the same Jawas that sold us Art and Threepio.

BEN: And these blast points, too accurate for Sandpeople. Only Imperial stormtroopers are accurate.
LUKE: Why would Imperial troops want to slaughter Jawas?
    Luke looks back at the speeder where Artoo and Threepio are inspecting the dead Jawas, and puts two and two together.
LUKE: If they traced the robots here, they may have learned who they sold them to. And that would lead them back home!
    Luke reaches a sudden horrible realization, then races for the speeder and jumps in.
    Luke races off leaving Ben and the two robots alone with the burning Sandcrawler.

EXTERIOR: TATOOINE—WASTELAND

Luke races across the flat landscape in his battered Landspeeder.

EXTERIOR: TATOOINE—LARS HOMESTEAD

The speeder roars up to the burning homestead. Luke jumps out and runs to the smoking holes that were once his home. Debris is scattered everywhere and it looks as if a great battle has taken place.
LUKE: Uncle Owen! Aunt Beru! Uncle Owen!
    Luke stumbles around in a daze looking for his aunt and uncle. Suddenly he comes upon their smoldering remains. He is stunned, and cannot speak. Hate replaces fear and a new resolve comes over him.

EXTERIOR: SPACE

Imperial TIE fighters race toward the Death Star.

INTERIOR: DEATH STAR—DETENTION CORRIDOR

Two stormtroopers open an electronic cell door and allow several Imperial guards to enter. Princess Leia’s face is filled with defiance, which slowly gives way to fear as a giant black torture robot enters, followed by Darth Vader.
VADER: And now, Your Highness, we will discuss the location of your hidden Rebel base.
    The torture robot gives off a steady beeping sound as it approaches Princess Leia and extends one of its mechanical arms bearing a large hypodermic needle. The door slides shut and the long cell block hallway appears peaceful. The muffled screams of the Rebel princess are barely heard.

EXTERIOR: TATOOINE—WASTELAND

There is a large bonfire of Jawad bodies blazing in front of the Sandcrawler as Ben and the robots finish burning the dead. Luke drives up in the speeder and Ben walks over to him.
BEN: There’s nothing you could have done, Luke, had you been there. You’d have been killed, too, and the droids would now be in the hands of the Empire.
LUKE: I want to come with you to Alderaan. There’s nothing here for me now. I want to learn the ways of the Force and become a Jedi like my father.

EXTERIOR: TATOOINE—WASTELAND

The Landspeeder with Luke, Artoo, Threepio, and Ben in it zooms across the desert. The speeder stops on a bluff overlooking the spaceport at Mos Eisley. It is a haphazard array of low, grey, concrete structures and semi-domes. A harsh gale blows across the stark canyon floor. Luke adjusts his goggles and walks to the edge of the craggy bluff where Ben is standing.
BEN: Mos Eisley Spaceport. You will never find a more wretched hive of scum and villainy. We must be cautious.
    Ben looks over at Luke, who gives the old Jedi a determined smile.

EXTERIOR: TATOOINE—MOS EISLEY—STREET

The speeder is stopped on a crowded street by several combat-hardened stormtroopers who look over the two robots. A Trooper questions Luke.
TROOPER: How long have you had these droids?
LUKE: About three or four seasons.
BEN: They’re for sale if you want them.

TROOPER: Let me see your identification.

Luke becomes very nervous as he fumbles to find his ID while Ben speaks to the Trooper in a very controlled voice.

BEN: You don’t need to see his identification.

TROOPER: We don’t need to see his identification.

BEN: These are not the droids you’re looking for.

TROOPER: These are not the droids we’re looking for.

BEN: He can go about his business.

TROOPER: You can go about your business.

TROOPER: Move along. Move along.

As Luke gets out of the speeder he tries to shoo the Jawas away.

LUKE: Go on, go on. I can’t understand how we got by those troopers. I thought we were dead.

BEN: The Force can have a strong influence on the weak-minded. You will find it a powerful ally.

LUKE: Do you really think we’re going to find a pilot here that’ll take us to Alderaan?

BEN: Well, most of the best freighter pilots can be found here. Only watch your step. This place can be a little rough.

LUKE: I’m ready for anything.

THREEPIO: Come along, Artoo.

INTERIOR: TATOOINE—MOS EISLEY—CANTINA

The young adventurer and his two mechanical servants follow Ben Kenobi into the smoke-filled cantina. In the murky, moldy den is filled with a startling array of odd and exotic alien creatures and monsters at the low, metallic bar. At first the sight is horrifying. One-eyed, thousand-eyed, slimy, furry, scaly, tentacled, and claw
Ben is standing next to Chewbacca, an eight-foot-tall savage-looking creature resembling a huge grey bushbaby monkey with fierce baboon-like fangs. His large blue eyes dominate a fur-covered face and soften his otherwise awesome appearance. Over his matted, furry body he wears two chrome bandoliers, and little else. He is a two-hundred-year-old Wookiee and a sight to behold.

Ben speaks to the Wookie, pointing to Luke several times during his conversation and the huge creature suddenly lets out a horrifying laugh. Luke is more than a little bit disconcerted and pretends not to hear the conversation between Ben and the giant Wookiee.

Luke is terrified but tries not to show it. He quietly sips his drink, looking over the crowd for a more sympathetic ear or whatever.

A large, multiple-eyed creature gives Luke a rough shove.

CREATURE: Negola dewaghi wooldugger?!

The hideous freak is obviously drunk. Luke tries to ignore the creature and turns back on his drink. A short, grubby Human and an even smaller rodent-like beast join the belligerent monstrosity.

HUMAN: He doesn't like you.

LUKE: I'm sorry.

HUMAN: I don't like you either.

The big creature is getting agitated and yells some unintelligible gibberish at the now rather nervous, young adventurer.

HUMAN: (continued) Don't insult us. You just watch yourself. We're wanted men. I have the death sentence on twelve systems.

LUKE: I'll be careful then.

HUMAN: You'll be dead.

The rodent lets out a loud grunt and everything at the bar moves away. Luke tries to remain calm but it isn't easy. His three adversaries ready their weapons. Old Ben moves in behind Luke.

BEN: This little one isn't worth the effort. Come let me buy you something...

A powerful blow from the unpleasant creature sends the young would-be Jedi sailing across the room, crashing through tables and breaking a large jug filled with a foul-looking liquid. With a blood-curdling shriek, the monsterSE ogs a wicked chrome laser pistol from his belt and levels it at old Ben. The bartender panics.

BARTENDER: No blasters! No blasters!

With astounding agility old Ben's laser sword sparks to life and in a flash an arm lies on the floor. The rodent is cut in two and the giant multiple-eyed creature lies doubled, cut from chin to groin. Ben carefully and precisely turns off his laser sword and replaces it on his utility belt. Luke, shaking and totally amazed at the old man's abilities, attempts to stand. The entire fight has lasted only a matter of seconds. The cantina goes back to normal, although Ben is given a respectable amount of room at the bar. Luke, rubbing his bruised head, approaches the old man with new awe. Ben points to the Wookiee.

BEN: This is Chewbacca. He's first-mate on a ship that might suit our needs.

EXTerior: TATooNE-MOS Eisley—STREET

Threepio paces in front of the cantina as Artoo carries on an electronic conversation with another little red astrodroid. A creature comes out of the cantina and approaches two stormtroopers in the street.

THREEPIO: I don't like the look of this.

Ben reacts to Solo's stupid attempt to impress them with obvious misinformation.

HAN: (continued) I've outrun Imperial starships, not the local bulk-cruisers, mind you. I'm talking about the big Corellian ships now. She's fast enough for you, old man. What's the cargo?

BEN: Only passengers. Myself, the boy, two droids, and no questions asked.

HAN: What is it? Some kind of local trouble?

BEN: Let's just say we'd like to avoid any Imperial entanglements.

HAN: Well, that's the real trick, isn't it? And it's going to cost you something extra. Ten thousand in advance.

LUKE: Ten thousand? We could almost buy our own ship for that!

HAN: But who’s going to fly it, kid! You?
LUKE: You bet I could. I’m not such a bad pilot myself! We don’t have to sit here and listen…
BEN: We haven’t that much with us. But we could pay you two thousand now, plus fifteen when we reach Alderaan.
HAN: Seventeen, huh?
HAN: Ponders this for a few moments.
HAN: Okay. You guys got yourself a ship. We’ll leave as soon as you’re ready. Docking Bay Ninety-four.
BEN: Ninety-four.
HAN: Looks like somebody’s beginning to take an interest in your handiwork.
Ben and Luke turn around to see four Imperial stormtroopers looking at the dead bodies and asking the bartender some questions. The bartender points to the booth.
TROOPER: All right, we’ll check it out.
The stormtroopers look over at the booth but Luke and Ben are gone. The bartender shrugs his shoulders in puzzlement.
HAN: Seventeen thousand! Those guys must really be desperate. This could really save my neck. Get back to the ship and get her ready.

BEN: You’ll have to sell your speeder.
LUKE: That’s okay. I’m never coming back to this planet again.

INTERIOR: MOS Eisley—CANTINA
As Han is about to leave, Greedo, slimy green-faced alien with a short trunk-nose, pokes a gun in his side. The creature speaks in a foreign tongue translated into English subtitles.

GREEDO: Going somewhere, Solo?
HAN: Yes, Greedo. As a matter of fact, I was just going to see your boss. Tell Jabba that I’ve got him money.
HAN: Han sits down and the alien sits across from him holding the gun on him.
GREEDO: It’s too late. You should have paid him when you had the chance. Jabba’s put a price on your head, so large that every bounty hunter in the galaxy will be looking for you. I’m lucky I found you first.
HAN: Yeah, but this time I got the money.
GREEDO: If you give it to me, I might forget I found you.
HAN: I don’t have it with me. Tell Jabba…
GREEDO: Jabba’s through with you. He has no time for smugglers who drop their shipments at the first sign of an Imperial cruiser.
HAN: Even I get boarded sometimes. Do you think you had a choice?
HAN: Han slowly reaches for his gun under the table.
GREEDO: You can tell that to Jabba. He may only take your ship.
HAN: Over my dead body.
GREEDO: That’s the idea. I’ve been looking forward to killing you for a long time.
HAN: Yes, I’ll bet you have.
Suddenly the slimy alien disappears in a blinding flash of light. Han pulls his smoking gun from beneath the table as the other patrons look on in bemused amazement. Han gets up and starts out of the cantina, flipping the bartender some coins as he leaves.
HAN: Sorry about the mess.

ADER: Her resistance to the mind probe is considerable. It will be some time before we can extract any information from her.

An Imperial Officer interrupts the meeting.

IMPERIAL OFFICER: The final check-out is completed. All systems are operational. What course ball we set?

ARVIN: Perhaps she would respond to an alternative form of persuasion.

ADER: What do you mean?

ARVIN: I think it is time we demonstrated the full power of this station. (to soldier) Set your course for Princess Leia's home planet of Alderaan.

TROOPER: With pleasure.

INTERIOR: TATOOINE—MOS EISLEY—STREET

Our heavily-armed stormtroopers move menacingly along a narrow slum alleyway crowded with darkly clad vendors hawking exotic goods in dingy little stalls. Men, monsters, and robots crouch in waste-filled gutters, whispering and hiding from the hot winds.

THREEPIO: Lock the door, Artoo.

One of the troopers checks a tightly locked door and peers down the alleyway. The door slides open a crack and Threepio peaks out. Artoo is barely visible in the foreground.

TROOPER: All right, check that side of the street. It's secure. Move on to the next one.

The door opens. Threepio moves into the doorway.

THREEPIO: I would much rather have gone with Master Luke than stay here with you. I don't know what all this trouble is about, but I'm sure it must be your fault.

Artie makes keening sounds.

THREEPIO: You watch your language!

INTERIOR: TATOOINE—MOS EISLEY—STREET—ALLEYWAY—USED SPEEDER LOT

Ben and Luke are standing in a sloozy used speeder lot, talking with a tall, grotesque, insect-like used speeder dealer. Strange exotic bodies and spindly-legged beasts pass by as the insect concludes the sale by giving Luke some coins.

LUKE: He says it's the best he can do. Since the XP-38 came out, they just aren't in demand.

BEN: It will be enough.

Ben and Luke leave the speeder lot and walk down the dusty alleyway past a small robot herding a bunch of anteater-like creatures. Luke turns and gives one last forlorn look at his faithful speeder as he rounds a corner. A darkly clad creature moves out of the shadows as they pass and watches them as they disappear down another alley.

BEN: If the ship's as fast as he's boasting, we ought to do well.

INTERIOR: DOCKING BAY 94—DAY

Jabba the Hutt and a half-dozen grisly alien pirates and purple creatures stand in the middle of the docking bay. Jabba is the grossest of the slavering hulks and his scarred face is a grim testimonial to his process as a vicious killer. He is a fat, slug-like creature with eyes on extended feelers and a huge ugly mouth.

JABBA: Come on out Solo!

A voice from directly behind the pirates startles them and they turn around to see Han Solo and the giant Wookiee, Chewbacca, standing behind them with no weapons in sight.

HAN: I've been waiting for you Jabba.

JABBA: I expected you would be.
HAN: I'm not the type to run.
JABBA: (fatherly-smooth) Han, my boy, there are times when you disappoint me... why haven't you paid me? And why did you have to try poor Greedo like that... after all we've been through together.
HAN: You sent Greedo to blast me.
JABBA: (mock surprise) Han, why you're the best smuggler in the business. You're too valuable to try. He was only relaying my concern at your delays. He wasn't going to blast you.
HAN: I think he thought he was. Next time don't send one of those twerps. If you've got something to say to me, come see me yourself.
JABBA: Han, Han! If only you hadn't had to dump that shipment of spice... you understand I just can't make an exception. Where would I be if every pilot who smuggled for me dumped their shipment at the first sign of an Imperial starship? It's not good business.
HAN: You know, even I get boarded sometimes, Jabba. I had no choice, but I've got a charter now and I can pay you back, plus a little extra. I just need some more time.
JABBA: (to his men) Put your blasters away. Han, my boy, I'm only doing this because you're the best and I need you. So, for an extra, say... twenty percent I'll give you a little more time... but this is it. If you disappoint me again, I'll put a price on your head so large you won't be able to go near a civilized system for the rest of your short life.

HAN: Jabba, I'll pay you because it's my pleasure.

EXTERIOR: DOCKING PORT ENTRY—ALLEYWAY
Chewbacca waits restlessly at the entrance to Docking Bay 94. Ben, Luke, and the robots make their way up the street. ChewbaccaFollows excitedly and signals for them to hurry. The darkly clad creature has followed them from the speeder lot. He stops in a nearby doorway and peers into a small transmitter.

INTERIOR: MOS Eisley SPACEPORT—DOCKING BAY 94
Chewbacca leads the group into the giant dirt pit that is Docking Bay 94. Resting in the middle of the huge hole is a large, round, beat-up, pieced-together hunk of junk that could only loosely be called a starship.
LUKE: What a piece of junk.
The tall figure of Han Solo comes down the boarding ramp.
HAN: She'll make point five beyond the speed of light. She may not look like much, but she's got where it counts, kid. I've added some special modifications myself.
Luke scratches his head. It's obvious he isn't sure about all this. Chewbacca rushes up the ramp and urges the others to follow.
HAN: We're a little rushed, so if you'll hurry aboard we'll get out of here.
The group rushes up the gang plank, passing grinning Han Solo.

THREEPIO: Hello, sir.

INTERIOR: TATOOINE, MOS EISLEY—STREET

Light Imperial stormtroopers rush up to the darkly clad creature.

ROOPER: Which way?

The darkly clad creature points to the door of the docking bay.

ROOPER: All right, men. Load your weapons!

INTERIOR: MOS EISLEY SPACEPORT—DOCKING BAY 94

The troops hold their guns at the ready and charge down the docking bay entrance.

ROOPER: Stop that ship!

Han Solo looks up and sees the Imperial stormtroopers alighting into the docking bay. Several of the troopers fire at Han as he dashes into the spaceship.

ROOPER: Blast 'em!

Han draws his laser pistol and pops off a couple of shots which force the stormtroopers to dive for safety. The spaceship engines whine as Han hits the release button and slams the overhead entry shut.

AN: Chewie, get us out of here! The group straps in for takeoff.

HREEPIO: Oh, my. I'd forgotten how much I hate pace travel.

INTERIOR: SPACE—PLANET TATOOINE

The Corellian pirateship zooms from Tatooine into space.

INTERIOR: MILLENNIUM FALCON—COCKPIT

Han frantically types information into the ship's computer. Little Artoo appears momentarily at the cockpit doorway, makes a few beeping remarks, then scurries away.

AN: It looks like an Imperial cruiser. Our passengers must be hotter than I thought. Try and hold them off. Angle the deflector shield while I make the calculations for the jump to light speed.
HAN: Traveling through hyperspace isn't like dusting crops, boy! Without precise calculations we could fly right through a star or bounce too close to a supernova and that'd end your trip real quick, wouldn't it?

LUKE: What's that flashing?

HAN: We're losing our deflector shield. Go straighthuman. I'm going to make the jump to lightspeed.

The galaxy brightens and they move faster, almost as if crashing a barrier. Stars become streaks as the pirateship makes the jump to hyperspace.

EXTERIOR: SPACE

The Millennium Falcon zooms into infinity less than one second.

EXTERIOR: DEATH STAR

Alderaan looms behind the Death Star battlestation.

Admiral Motti enters the quiet control room and bow before Governor Tarkin, who stands before the huge wall screen displaying a small green planet.

MOTTI: We've entered the Alderaan system. Admiral Motti enters the quiet control room and bow before Governor Tarkin, who stands before the huge wall screen displaying a small green planet.

MOTTI: We've entered the Alderaan system.

LEIA: Governor Tarkin, I should have expected to find you holding Vader's leash. I recognized your foul stench when I was brought on board.

TARKIN: Charming to the last. You don't know how hard I found it signing the order to terminate you!

LEIA: I'm surprised you had the courage to take this responsibility yourself!

TARKIN: Princess Leia, before your execution, you would like you to be my guest at a ceremony that will make this battle station operational. No station will dare oppose the Emperor now.

LEIA: The more you tighten your grip, Tarkin, the more star systems will slip through your fingers.

TARKIN: Not after we demonstrate the power of this station. In a way, you have determined the choice of the planet that'll be destroyed first. Since you are reluctant to provide us with the location of the Rebel base, I have chosen to test this station's destructive power... on your home planet of Alderaan.

LEIA: No! Alderaan is peaceful. We have no weapons. You can't possibly...

TARKIN: You would prefer another target? A military target? Then name the system!

Tarkin waves menacingly toward Leia.

TARKIN: I grew tired of asking this. So it'll be the last time. Where is the Rebel base?

Leia overhears an intercom voice announcing the approach to Alderaan.

LEIA: (softly) Dantooine.

Leia lowers her head.

LEIA: They're on Dantooine.

TARKIN: There. You see, Lord Vader, she can be reasonable. (addressing Motti) Continue with the operation. You may fire when ready.
LEIA: What?
TARKIN: You're far too trusting. Dantooine is too remote to make an effective demonstration. But don't worry. We will deal with your Rebel friends soon enough.
LEIA: No!

INTERIOR: DEATH STAR—BLAST CHAMBER

VADER: Commence primary ignition.
A button is pressed which switches on a panel of lights. A hooded Imperial soldier reaches overhead and pulls a lever. Another lever is pulled. Vader reaches for still another lever and a bank of lights on a panel and wall light up. A huge beam of light emanates from within a cone-shaped area and converges into a single laser beam out toward Alderaan. The small green planet of Alderaan is blown into space dust.

INTERIOR: MILLENNIUM FALCON—CENTRAL HOLD AREA

Ben watches as Luke practices the lightsaber with a small "seeker" robot. Ben suddenly turns away and sits down. He falters, seems almost faint.
LUKE: Are you all right? What's wrong?
BEN: I felt a great disturbance in the Force... as if millions of voices suddenly cried out in terror and were suddenly silenced. I fear something terrible has happened.

Ben rubs his forehead. He seems to drift into a trance. Then he fixes his gaze on Luke.

BEN: You'd better get on with your exercises.

Han Solo enters the room.

HAN: Well, you can forget your troubles with those Imperial slugs. I told you I'd outrun 'em.

Luke is once again practicing with the lightsaber.

HAN: Don't everybody thank me at once.

Threepio watches Chewbacca and Artoo who are engrossed in a game in which three-dimensional holographic figures move along a chess-type board.

HAN: Anyway, we should be at Alderaan about oh-two-hundred hours.

Chewbacca and the two robots sit around the lighted table covered with small holographic monsters. Each side of the table has a small computer monitor embedded in it. Chewbacca seems very pleased with himself as he rests his bulky fur-covered arms over his head.

THREEPIO: Now be careful, Artoo.

Artoo immediately reaches up and taps the computer with his stubby claw hand, causing one of the holographic rubes to walk to the new square. A sudden frown crosses Chewbacca's face and he begins yelling gibberish at the tiny robot. Threepio intercedes on behalf of his small companion and begins to argue with the huge Wookiee.

THREEPIO: He made a fair move. Screaming about it won't help you.

HAN: (interrupting) Let him have it. It's not wise to upset a Wookiee.

THREEPIO: But sir, nobody worries about upsetting a droid.

HAN: That's cause droids don't pull people's arms out of their sockets when they lose. Wookiees are known to do that.

THREEPIO: I see your point, sir. I suggest a new strategy, Artoo. Let the Wookie win.

Luke stands in the middle of the small hold area. He seems frozen in place. A humming lightsaber is held overhead his head. Ben watches him from the corner, studying his movements. Han watches with a bit of smugness.

BEN: Remember, a Jedi can feel the Force flowing through him.

LUKE: You mean it controls your actions?

BEN: Partially. But it also obeys your commands.

Suspended at eye level, about ten feet in front of Luke, a "seeker," a chrome baseball-like robot covered with antennae, hovers slowly in a wide arc. The ball floats one side of the youth then to the other. Suddenly it makes a lightning-swift lunge and stops within a few feet of Luke's face. Luke doesn't move and the ball bounces off. Slowly moves behind the boy, then makes another quick lunge, this time emitting a blood red laser beam as it attacks. It hits Luke in the leg causing him to tumble onto his back. Han lets loose with a burst of laughter.

HAN: Hokey religions and ancient weapons are no match for a good blaster at your side, kid.

LUKE: You don't believe in the Force, do you?

HAN: Kid, I've flown from one side of this galaxy to the other. I've seen a lot of strange stuff, but I've never seen anything to make me believe there's any all-powerful force controlling everything. There's no mystical energy field that controls my destiny.

Ben smiles quietly.

HAN: It's all a lot of simple tricks and nonsense.

BEN: I suggest you try it again, Luke.

Ben places a large helmet on Luke's head which covers his eyes.

BEN: This time, let go of your conscious self and act on instinct.

LUKE: (laughing) With the blast shield down, I can't even see. How am I supposed to fight?

BEN: Your eyes can deceive you. Don't trust them.

Han skeptically shakes his head as Ben throws the seeker into the air. The ball shoots straight up in the air, then drops like a rock. Luke swings the lightsaber around blindly missing the seeker, which fires off a laserbolt which hits Luke square on the seat of the pants. He lets out a painful yell and attempts to hit the seeker.

BEN: Stretch out with your feelings.

Luke stands in one place, seemingly frozen. The seeker makes a dive at Luke and, incredibly, he manages to deflect the bolt. The ball ceases firing and moves back to its original position.

BEN: You see, you can do it.

HAN: I call it luck.

BEN: In my experience, there's no such thing as luck.

HAN: Look, going good against remotes is one thing. Going good against the living? That's something else.

Solo notices a small light flashing on the far side of the control panel.

HAN: Looks like we're coming up on Alderaan. Han and Chewbacca head back to the cockpit.

LUKE: You know, I did feel something. I could almost see the remote.
BEN: That's good. You have taken your first step into a large world.

EXTERIOR: DEATH STAR—CONFERENCE ROOM

Imperial Officer Cass stands before Governor Tarkin and the evil Dark Lord Darth Vader.

TARKIN: Yes.

OFFICER CASS: Our scout ships have reached Dantooine. They found the remains of a Rebel base, but they estimate that it has been deserted for some time. They are now conducting an extensive search of the surrounding systems.

TARKIN: She lied! She lied to us!

VADER: I told you she would never consciously betray the Rebellion.

TARKIN: Terminate her... immediately!

EXTERIOR: HYPERSPACE

The pirate ship is just coming out of hyperspace; a strange auroral light show surrounds the ship.

INTIOR: MILLENNIUM FALCON—COCKPIT

HAN: Stand by, Chewie, here we go. Cut in the sublight engines.

HAN pulls back on a control lever. Outside the cockpit, window stars begin streaking past, then stop. Suddenly the starship begins to shudder and violently shake about. Asteroids begin to race toward them, battering the sides of the ship.

HAN: What the...? Aw, we've come out of hyperspace into a meteor shower. Some kind of asteroid collision. It's not on any of the charts.

The giant Wookiee flips off several controls and seems very cool in the emergency. Luke makes his way into the humming cockpit.

LUKE: What's going on?

HAN: Our position is correct, except... no, Alderaan!

LUKE: What do you mean? Where is it?

HAN: That's what I'm trying to tell you, kid. It ain't there. It's been totally blown away.

LUKE: What? How?

Ben moves into the cockpit behind Luke as the ship begins to settle down.

BEN: Destroyed... by the Empire!

HAN: The entire starfleet couldn't destroy the whole planet. It'd take a thousand ships with more fire power than I've...

A signal light starts flashing on the control panel and a muffled alarm starts humming.

LUKE: Maybe they know what happened.

BEN: It's an Imperial fighter.

Chewbacca barks his concern. A huge explosion bursts outside the cockpit window, shaking the ship violently. A tiny, finned Imperial TIE fighter races past the cockpit window.

LUKE: It followed us!

BEN: No. It's a short range fighter.

HAN: There aren't any bases around here. Where did it come from?

EXTERIOR: SPACE

The fighter races past the Corellian pirateship.

LUKE: It sure is leaving in a big hurry. If the identify us, we're in big trouble.

HAN: Not if I can help it. Chewie... jam its transmissions.

BEN: It'd be as well to let it go. It's too far out of range.

HAN: Not for long... 

EXTERIOR: SPACE

The pirateship zooms over the camera and away into the vastness of space after the Imperial TIE fighter.

INTERIOR: MILLENNIUM FALCON—COCKPIT

The tension mounts as the pirate ship gains on the tiny fighter. In the distance, one of the stars becomes bright until it is obvious that the TIE ship is heading for it. Ben stands behind Chewbacca.

BEN: A fighter that size couldn't get this deep into space on its own.

LUKE: Then he must have gotten lost, been part of a convoy or something...

HAN: Well, he ain't going to be around long enough to tell anyone about us.

EXTERIOR: SPACE

The TIE fighter is losing ground to the larger pirateship as they race toward camera and disappear overhead.

INTERIOR: MILLENNIUM FALCON—COCKPIT

The distant stars can now be distinguished as a small moon or planet.

LUKE: Look at him. He's heading for that small moon.
Han: I think I can get him before he gets there... he's almost in range.

The small moon begins to take on the appearance of a monstrous spherical battle station.

Ben: That's not a moon! It's a space station.

Han: It's too big to be a space station.

Luke: I have a very bad feeling about this.

Ben: Turn the ship around!

Han: Yeah, I think you're right. Full reverse! Chewie, lock in the auxiliary power.

The pirateship shudders and the TIE fighter accelerates away toward the gargantuan battle station.

Luke: Why are we still moving towards it?

Han: We're caught in a tractor beam! It's pulling us in.

Luke: But there's gotta be something you can do!

Han: There's nothin' I can do about it, kid. I'm in full power. I'm going to have to shut down. But they're not going to get me without a fight!

Ben Kenobi puts a hand on his shoulder.

Ben: You can't win. But there are alternatives to fighting.

Interior: Millennium Falcon—Death Star

As the battered pirate starship is towed closer to the awesome metal moon, the immense size of the massive battle station becomes staggering. Running along the equator of the gigantic sphere is a mile-high band of huge docking ports into which the helpless pirateship is dragged.

Exterior: Death Star—Huge Port Doors

The helpless Millennium Falcon is pulled past a docking port control room and huge laser turret cannons.

Voice Over Death Star Intercom: Clear Bay twenty-three-seven. We are opening the magnetic field.

Interior: Death Star—Docking Bay 2037

The pirateship is pulled in through port doors of the Death Star, coming to rest in a huge hangar. Thirty stormtroopers stand at attention in a central assembly area.

Officer: To your stations!

Officer: (to another officer) Come with me.

Interior: Death Star—Hallway

Stormtroopers run to their posts.

Interior: Death Star—Hangar 2037

A line of stormtroopers march toward the pirateship in readiness to board it, while other troopers stand with weapons ready to fire.

INTERIOR: DEATH STAR—CONFERENCE ROOM

Tarkin pushes a button and responds to intercom buzz.

TARKIN: Yes.

VOICE: (over intercom) We’ve captured a freighter entering the remains of the Alderaan system. Its markings match those of a ship that blasted its way out of Mos Eisley.

VADER: They must be trying to return the stolen plans to the princess. She may yet be of some use to us.

INTERIOR: DEATH STAR—DOCKING BAY 207

Vader and a commander approach the troops as an Officer and several heavily armed troops exit the spacecraft.

VOICE: (over intercom) Unlock one-five-seven and nine. Release charges.

OFFICER: (to Vader) There’s no one on board sir. According to the logs, the crew abandoned ship right after takeoff. It must be a decoy, sir. Several of the escape pods have been jettisoned.

VADER: Did you find any droids?

OFFICER: No, sir. If there were any on board, they must also have jettisoned.

VADER: Send a scanning crew on board. I want every part of this ship checked.

OFFICER: Yes, sir.

VADER: I sense something... a presence I haven’t felt since...

Vader turns quickly and exits the hangar.

VADER: Get me a scanning crew in here on the double. I want every part of this ship checked!

INTERIOR: MILLENNIUM FALCON—HALLWAY

A trooper runs through the hallway heading for the exit. In a few moments all is quiet. The muffled sounds of a distant officer giving orders finally fade. Two floor panels suddenly pop up revealing Han Solo and Luke. Ben Kenobi sticks his head out of a third locker.

LUKE: Boy, it’s lucky you had these compartments.

HAN: I use them for smuggling. I never thought I’d be smuggling myself in there. This is ridiculous. Even if I could take off, I’d never get past the tractor beam.

BEN: Leave that to me!

HAN: Damn fool. I knew that you were going to say that!

BEN: Who’s the more foolish... the fool or the fool who follows him?

Han shakes his head, muttering to himself. Chewbacca agrees.

INTERIOR: DEATH STAR—MAIN FORWARD BAY

The two crewmen carry a heavy box on board the ship, past the two stormtroopers guarding either side of the ramp.

TROOPER: The ship’s all yours. If the scanners pick up anything, report it immediately. All right, let’s go.

The crewmen enter the pirate ship and a loud crashing sound is followed by a voice calling to the guard below.

HAN’S VOICE: Hey down there, could you give us a hand with this?

The stormtroopers enter the ship and a quick round of gunfire is heard.

INTERIOR: DEATH STAR—FORWARD BAY—COMMAND OFFICE

In a very small command office near the entrance to the spaceport, a Gantry Officer looks out his window and notices the guards are missing. He speaks into an intercom.

GANTRY OFFICER: TX-four-two-one, Why are you at your post? TX-four-two-one, do you copy? A stormtrooper comes down the ramp of the pirate ship and waves to the gantry officer, pointing to his indicating his comlink is not working. The gantry officer shakes his head in disgust and heads for the door, giving his aide an annoyed look.

GANTRY OFFICER: Take over. We’ve got a transmitter. I’ll see what I can do.

As the officer approaches the door, it slides open revealing the towering Chewbacca. The gantry officer, noticing a momentary state of shock, stumbles backward. With a bone-chilling howl, the giant Wookiee flattens the guard with one blow. The aide immediately reaches for a pistol, but it is blasted by Han, dressed as an Imperial stormtrooper. Ben and the robots enter the room, followed by Luke, also dressed as a stormtrooper, and quickly removes his helmet.

LUKE: You know, between his howling and you blasting everything in sight, it’s a wonder the whole station doesn’t know we’re here.

HAN: Bring them on! I prefer a straight fight to this sneaking around.

THREEPIO: We found the computer outlet, sir. Ben feeds some information into the computer and a map of the city appears on the monitor. He begins to inspect it carefully. ThreePIO and Artoo look over the control panel. Artoo finds something that makes him whistle wildly.

BEN: Plug in. He should be able to interpret the entire Imperial computer network.

Artoo punches his claw arm into the control slot and the vast Imperial brain network comes to life, feeding information to the little robot. After a few moments, it beeps something.

THREEPIO: He says he’s found the main control power beam that’s holding the ship here. He’s trying to make the precise location appear on the monitor.

The computer monitor flashes readouts.

THREEPIO: The tractor beam is coupled to the reactor in seven locations. A power loss at any of the terminals will allow the ship to leave.

Ben studies the data on the monitor readout.

BEN: I don’t think you boys can help. I must alone.

HAN: Whatever you say. I’ve done more than bargained for on this trip already.

LUKE: I want to go with you.

LUKE: But he can...

BEN: They must be delivered safely or other systems will suffer the same fate as Alderaan. Your destiny lies along a different path from mine. The Force will be with you... always!

Ben adjusts the lightsaber on his belt and silently slips out of the command office, then disappears down a grey hallway. Chewbacca barks a comment and shakes his head in agreement.

HAN: Boy, you said it, Chewie.
    Han looks at Luke.
HAN: Where did you dig up that old fossil?
LUKE: Ben is a great man.
HAN: Yeah, great at getting us into trouble.
LUKE: I didn’t hear you give any ideas...
HAN: Well, anything would be better than just
    hanging around waiting for them to pick us up...
LUKE: Who do you think...
    Suddenly Artoo begins to whistle and beep a blue
    streak. Luke goes over to him.
LUKE: What is it?
THREEPIO: I'm afraid I'm not quite sure, sir. He says
    "I found her," and keeps repeating, "She's here."
LUKE: Well, who... who has he found?

Artoo whistles a frantic reply.
THREEPIO: Princess Leia.
LUKE: The princess? She's here?
HAN: Princess?
LUKE: Where... where is she?
HAN: Princess? What's going on?
THREEPIO: Level five. Detention block A
    twenty-three. I'm afraid she's scheduled to
    terminated.
LUKE: Oh, no! We've got to do something.
HAN: What are you talking about?
LUKE: The droid belongs to her. She's the one in
    message. We've got to help her.
HAN: Now, look, don't get any funny ideas. The
    man wants us to wait right here.
LUKE: But he didn’t know she was here. Look, will you just find a way back into that detention block?
HAN: I’m not going anywhere.
LUKE: They’re going to execute her. Look, a few minutes ago you said you didn’t want to just wait here to be captured. Now all you want to do is stay.
HAN: Marching into the detention area is not what I had in mind.
LUKE: But they’re going to kill her!
HAN: Better her than me...
LUKE: She’s rich.
HAN: Chewbacca growls.
LUKE: Rich?
HAN: Yes. Rich, powerful! Listen, if you were to rescue her, the reward would be...

HAN: What?
LUKE: Well, more wealth than you can imagine.
HAN: I don’t know, I can imagine quite a bit!
LUKE: You’ll get it!
HAN: I’d better!
LUKE: You will...
HAN: All right, kid. But you’d better be right about this!

Han looks at Chewie, who grunts a short grunt.
LUKE: All right.
HAN: What’s your plan?
LUKE: Uh... Threepio, hand me those binders there will you?

Luke moves toward Chewbacca with electronic cuffs.
LUKE: Okay. Now, I’m going to put these on you.

Below: Matte painting for swing across scene. Peter Ellenshaw
Chewie lets out a hideous growl.

LUKE: Okay. Han, you put these on.

LUKE: sheepishly hands the binders to Han.

HAN: Don't worry, Chewie. I think I know what he has in mind.

The Wookiee has a worried and frightened look on his face as Han binds him with electronics cuffs.

THREEPIO: Master Luke, sir! Pardon me for asking... but, ah... what should Artoo and I do if we're discovered here?

HAN: Lock the door!

LUKE: And make sure you don't have blasters.

THREEPIO: That isn't very reassuring.

Luke and Han put on their armored stormtrooper helmets and start off into the giant Imperial Death Star.

INTERIOR: DEATH STAR—DETECTION AREA—ELEVATOR TUBE

Han and Luke try to look inconspicuous in their armored suits as they wait for a vacuum elevator to arrive. Troops, bureaucrats, and robots bustle about, ignoring the trio completely. Only a few give the giant Wookie a curious glance.

Finally a small elevator arrives and the trio enters.

LUKE: I can't see a thing in this helmet.

A bureaucrat races to get aboard also, but is signaled away by Han. The door to the pod-like vehicle slides closed and the elevator car takes off through a vacuum tube.

INTERIOR: DEATH STAR—MAIN HALLWAY

Several Imperial officers walk through the wide main passageway. They pass several stormtroopers and a robot similar to Threepio but with an insect face. At the far end of the hallway, a passing flash of Ben Kenobi appears; then disappears down a small hallway. His appearance is so fleeting that it is hard to tell if he is real or just an illusion. No one in the hallway seems to notice him.

INTERIOR: DEATH STAR—INTERIOR ELEVATOR—DETECTION SECURITY AREA

Luke and Han step forward to exit the elevator, but the door slides open behind them. The giant Wookie and his two guards enter the grey security station. Guards and laser gates are everywhere. Han whispers to Luke under his breath.

HAN: This is not going to work.

LUKE: Why didn't you say so before?

HAN: I did say so before!

INTERIOR: DETENTION AREA

Elevator doors open. A tall, grim looking Officer approaches the trio.

OFFICER: Where are you taking this... thing?

Chewie growls a bit at the remark but Han nudges him to shut up.

LUKE: Prisoner transfer from Block one-one-three-eight.

OFFICER: I wasn't notified. I'll have to clear it.

The officer goes back to his console and begins to punch in the information. There are only three other troopers in the area. Luke and Han survey the situation, checking all of the alarms, laser gates, and camera eyes. Han unfastens one of Chewbacca's electronic cuffs and shrugs to Luke.

Suddenly Chewbacca throws up his hands and lets out with one of his ear-piercing howls. He grabs Han's rifle.

HAN: Look out! He's loose!

LUKE: He's going to pull us all apart!

HAN: Go get him!

The startled guards are momentarily dumbfounded. Luke and Han have already pulled their laser pistols and are blasting away at the terrifying Wookiee. The barrage of laserfire misses Chewbacca, but hits the camera eyes, laser gate controls, and the Imperial guards. The officer is the last of the guards to fall under the blast just as he is about to push the alarm system. Han runs to the comlink system, which is screeching questions about what is going on. He quickly checks the comlink readout.

HAN: We've got to find out which cell this prisoner is in. Here it is... cell twenty-one-eight-seven. You go get her. I'll hold them here.

Luke races down one of the cell corridors. Han speaks the buzzing comlink.

INTERCOM VOICE: Everything is under control. Situation normal.

HAN: (sounding official) What happened?

INTERCOM VOICE: Getting nervous? Uh... had a slight warp malfunction. But, uh, everything's perfectly in order right now. We're fine. We're all fine here, now, this... uh... thing. How are you?

INTERCOM VOICE: We're sending a squad up.

HAN: Uh, uh, negative, negative. We had a real leak here now. Give us a few minutes to lock down. Large leak... very dangerous.

INTERCOM VOICE: Who is this? What's your opening number?

HAN: Blast the comlink and it explodes.

Boring conversation anyway. (yelling do the hall) Luke! We're going to have company!

INTERIOR: DEATH STAR—CELL ROW

Luke steps in front of one of the cells and blasts the door away with his laser pistol. When the smoke clears, he sees the dazzling young princess-senator. She had been sleeping and is now looking at him with an unprepossessing look on her face. Luke is stunned by her extraordinary beauty and stands staring at her with mouth hanging open.

LEIA: (finally) Aren't you a little short for a stormtrooper?

Luke takes off his helmet, coming out of it.

LUKE: What? Oh... the uniform. I'm Luke Skywalker. I'm here to rescue you.

LEIA: You're who?

LUKE: I'm here to rescue you. I've got your R2 unit.

LEIA: You're Ben Kenobi?

LEIA: Ben Kenobi is here! Where is he?

LUKE: Come on!

INTERIOR: DEATH STAR—CONFERENCE ROOM

Darth Vader paces the room as Governor Tarkin sits at the far end of the conference table.

VADER: He is here...

TARKIN: Obi-Wan Kenobi! What makes you think so?

VADER: A tremor in the Force. The last time I felt it was in the presence of my old master.

TARKIN: Surely he must be dead by now.

VADER: Don't underestimate the Force.
TARKIN: The Jedi are extinct, their fire has gone out of the universe. You, my friend, are all that’s left of their religion.

There is a quiet buzz on the comlink.

TARKIN: Yes.

INTERCOM VOICE: Governor Tarkin, we have an emergency alert in detention block AA-twenty-three.

TARKIN: The princess? Put all sections on alert!

VADER: Obi-Wan is here. The Force is with him.

TARKIN: If you’re right, he must not be allowed to escape.

VADER: Escape may not be his plan. I must face him alone.

INTERIOR: DEATH STAR—DETECTION AREA—HALLWAY

An ominous buzzing sound is heard on the other side of the elevator door.

HAN: Chewie!

CHEWBACCA: Chewie responds with a growling noise.

HAN: Get behind me! Get behind me!

A series of explosions knocks a hole in the elevator door through which several Imperial troopers begin to emerge.

HAN and CHEWBACCA fire their laser pistols at them through the smoke and flames. They turn and run down the cell hallway, meeting up with LUKE and LEIA rushing toward them.

HAN: Can’t get out that way.

LEIA: Looks like you managed to cut off our only escape route.

HAN (sarcastically): Maybe you’d like it back in your cell. Your Highness.

LUKE: They continue to exchange fire with stormtroopers making their way down the corridor.

THREEPIO: (over comlink) Yes sir!

LUKE: We’ve been cut off! Are there any other ways out of the cell bay?... What was that? I didn’t copy it.

INTERIOR: DEATH STAR—MAIN BAY GANTRY—CONTROL TOWER

THREEPIO: I said all systems have been alerted to your presence, sir. The main entrance seems to be the only way in or out; all other information on your level is restricted.

VADER: Someone begins banging on the door.

THREEPIO: Oh, no!

INTERIOR: DEATH STAR—DETOINMENT CORRIDOR

LUKE and LEIA crouch together in an alcove for protection as they continue to exchange fire with troopers. Han and CHEWBACCA are barely able to keep the stormtroopers at bay at the far end of the hallway. The laserfire is very intense, and smoke fills the narrow cell corridor.

LUKE: There isn’t any other way out.

HAN: I can’t hold them off forever! Now what?

LEIA: This is some rescue. When you came in here, didn’t you have a plan for getting out?

HAN: (pointing to LUKE) He is the brains, sweetheart.

THREEPIO: (over comlink) He manages a sheepish grin and shrugs his shoulders.

LUKE: Well, I didn’t...

The Princess grabs Luke’s gun and fires at a small grate in the wall next to Han, almost blowing him.

HAN: What the hell are you doing?

LEIA: Somebody has to save our skins. Into the garbage chute, wise guy.

She jumps through the narrow opening as Han and CHEWBACCA look on in amazement. CHEWBACCA sniffs the garbage chute and says something.

HAN: Get in there you big furry oaf! I don’t care what you smell! Get in there and don’t worry about it.

HAN gives him a big kick and the Wookiee disappears into the tiny opening. Luke and Han continue firing as they work their way toward the opening.

HAN: Wonderful girl! Either I’m going to kill her or I’m beginning to like her. Get in there!

THREEPIO: (over comlink) Luke7 does laserfire as he jumps into the darkness. Han fires off a couple of quick blasts creating a smoky cover, then slides into the chute himself and is gone.

Han tumbles into a large room filled with garbage and muck. Luke is already stumbling around looking for an

exit. He finds a small hatchway and struggles to get it open. It won't budge.

HAN: (sarcasically) Oh! The garbage chute was a really wonderful idea. What an incredible smell you've discovered! Let's get out of here! Get away from there . . .

LUKE: No! Wait!

Han draws his laser pistol and fires at the hatch. The laser bolt ricochets wildly around the small metal room.

Everyone dives for cover in the garbage as the bolt explodes almost on top of them. Leia climbs out of the garbage with a rather grim look on her face.

LUKE: Will you forget it? I already tried it. It's magnetically sealed!

LEIA: Put that thing away! You're going to get us all killed.

HAN: Absolutely. Your Worship. Look, I had everything under control until you led us down here. You know, it's not going to take them long to figure out what happened to us.

LEIA: It could be worse . . .

A loud, horrible, inhuman moan works its way up from the murky depths. Chewbacca lets out a terrified howl and begins to back away. Han and Luke stand fast with their laser pistols drawn. The Wookiee is covering near one of the walls.

HAN: It's worse.

LUKE: There's something alive in here!

HAN: That's your imagination.

LUKE: Something just moved past my leg! Look! Did you see that?

HAN: What?

LUKE: Help!

Suddenly Luke is yanked under the garbage.

LEIA: Luke!

Leia extends a long pipe toward him.

LUKE: Blast it, will you! My gun's jammed.

HAN: Where?

LUKE: Anywhere. Oh!

Solo fires his gun downward. Luke is pulled back into the muck by the slimy tentacle.

Suddenly the walls of the garbage receptacle shudder and move in a couple of inches. Then everything is deathly quiet. Han and Leia give each other a worried look as Chewbacca howls in the corner. With a rush of bubbles and muck Luke suddenly bobs to the surface.

LEIA: Grab him!

Luke seems to be released by the thing.

LEIA: What happened?

LUKE: I don't know, it just let go of me and disappeared . . .

HAN: I've got a very bad feeling about this.

Before anyone can say anything the walls begin to rumble and edge toward the Rebels.

LUKE: The walls are moving.

LEIA: Don't just stand there. Try and brace it with something.

They place poles and long metal beams between the closing walls, but they are simply snatched and bent as the giant trashcrusher rumbles on. The situation doesn't look too good.

LUKE: Wait a minute!

Luke pulls out his comlink.

LUKE: Threepiio! Come in Threepiio! Threepiio! Where could he be?

INTERIOR: DEATH STAR—MAIN GANTRY—COMMUNICATIONS OFFICE

A soft buzz and the muted voice of Luke calling out.

See-Threepiio can be heard on Threepiio's hand com which is sitting on the deserted computer console. A Apprent can be heard.

INTERIOR: DEATH STAR—MAIN GANTRY—COMMUNICATIONS OFFICE

Luke and Threepiio are nowhere in sight. Suddenly there is a great explosion and the door of the control tower slides open. See-Threepiio and Arttoo-Detoo are inside.

FIRST TROOPER: Take over! (pointing to a dead officer) See to him! Look out!

A trooper pushes a button and the supply cabinet slides open. See-Threepiio and Arttoo-Detoo are inside.

Arttoo follows his bronze companion out into the office.

THREEPIIO: They're madmen! They're heading for the prison level. If you hurry, you might catch them.

FIRST OFFICER: (to his troopers) Follow me!

You stand guard.

The troopers hustle down the hallway, leaving Gant to watch over the command office.

THREEPIIO: (to Arttoo) Come on!

The guard aims a blaster at them.

THREEPIIO: Oh! All this excitement has overrun my circuits in my counterpart here. If you don't mind, I'd like to take him down to maintenance.

TROOPER: All right.

The guard nods and Threepiio, with little Arttoo in his hurry out the door.

INTERIOR: DEATH STAR—GARBAGE ROOM
is the walls rumble closed, the room gets smaller and smaller. Chewie is whining and trying to hold a wall back with his giant paws. Han is leaning back against the back wall. Garbage is snapping and popping. Luke is trying to reach Threepee.

**LUKE:** Threepee! Come in, Threepee! Threepee!
**HAN:** Han and Leia try to brace the contracting walls with a pole. Leia begins to sink into the trash.

**IAN:** Get to the top!

**LEIA:** I can't.

**INTERIOR: DEATH STAR—MAIN FORWARD BAY—SERVICE PANEL.**

**THREEPIE:** They aren't here! Something must have happened to them. See if they've been captured. Little Artoo carefully plugs his claw arm into a new wall socket and a complex array of electronic sounds spew from the toy robot.

**THREEPIE:** Hurry!

**INTERIOR: DEATH STAR—GARBAGE ROOM**

The walls are only feet apart. Leia and Han are braced against the walls. The princess is frightened. They look at each other. Leia reaches out and takes Han's hand and holds it tightly. She's terrified and suddenly groans as she feels the first crushing pressure against her body.

**HAN:** One thing's for sure. We're all going to be a lot thinner! (to Leia) Get on top of it!

**LEIA:** I'm trying!

**INTERIOR: DEATH STAR—MAIN FORWARD BAY—SERVICE PANEL.**

**THREEPIE:** (to Artoo) Thank goodness, they haven't found them! Where could they be?

Artoo frantically beeps something to See-Threepio.

**THREEPIE:** Use the comlink? Oh, my! I forgot I turned it off!

**INTERIOR: DEATH STAR—GARBAGE ROOM**

Meanwhile, Luke is lying on his side, trying to keep his head above the rising ooze. Luke's comlink begins to buzz and he rips it off his belt.

Muffled sounds of Luke's voice over comlink can be heard, but not distinctly.

**THREEPIE:** Are you there, sir?

**INTERIOR: DEATH STAR—GARBAGE ROOM**

**LUKE:** Threepee!

**INTERIOR: DEATH STAR—MAIN FORWARD BAY**

**THREEPIE:** We've had some problems...

**LUKE:** (over comlink) Will you shut up and listen to me? Shut down all garbage mashers on the detention level, will you? Do you copy?

**INTERIOR: DEATH STAR—GARBAGE ROOM**

**LUKE:** Shut down all the garbage mashers on the detention level.

**INTERIOR: DEATH STAR—MAIN FORWARD BAY—SERVICE PANEL**

**LUKE:** (over comlink) Shut down all the garbage mashers on the detention level.

**THREEPIE:** (to Artoo) No. Shut them all down! Hurry!

Threepee holds his head in agony as he hears the incredible screaming and hollering from Luke's comlink.

**THREEPIE:** Listen to them! They're dying, Artoo! Curse my metal body! I wasn't fast enough. It's all my fault! My poor master!

**LUKE:** (over comlink) Threepee, we're all right!

**INTERIOR: DEATH STAR—GARBAGE ROOM**

The screaming and hollering is the sound of savage relief. The walls have stopped moving. Han, Chewie and Leia embrace in the background.

**LUKE:** We're all right. You did great.

Luke moves to the pressure sensitive hatch, looking for a number.

**LUKE:** Hey... hey, open the pressure maintenance hatch on unit number... where are we?

**INTERIOR: DEATH STAR—MAIN FORWARD BAY—SERVICE PANEL.**

Threepee looks at the computer panel as Han reads the number.

INTERIOR: DEATH STAR—UNUSED HALLWAY

The group exits the garbage room into a dusty, unused hallway. Han and Luke remove the trooper suits and strap on the blaster belts.

HAN: If we can just avoid any more female advice, we ought to be able to get out of here.

Luke smiles and scratches his head as he takes a blaster from Solo.

LUKE: Well, let's moving!

Cowie begins growling and points to the hatch to the garbage room, as he runs away and then stops howling.

HAN: (to Chewie) Where are you going?

The Dian Nogre brahs against the hatch and a long, slim tentacle works its way out of the doorway searching for a victim. Han aims his pistol.

LEIA: No, wait. They'll hear!

He fires at the doorway. The noise of the blast echoes relentlessly throughout the empty passageway. Luke simply shakes his head in disgust.

HAN: (to Chewie) Come here, you big coward!

Chewie shakes his head "no."

Chewie! Come here!

LEIA: Listen. I don't know who you are, or where you come from, but from now on, you do as I tell you.

Han is stunned at the command of the petite young girl.

HAN: Look. Your Worshippers. Let's get one thing straight! I take orders from one person! Me!

LEIA: It's a wonder you're still alive. (looking at Chewie) Will somebody get this big walking carpet out of my way?

Han watches her start away. He looks at Luke.

HAN: No reward is worth this.

They follow her, moving swiftly down the deserted corridor.

INTERIOR: DEATH STAR—POWER TRENCH

Suddenly a door behind Ben slides open and a detachment of stormtroopers marches to the power trench. Ben instantly slips into the shadows as an Officer moves to within a few feet of him.

OFFICER: Secure this entry area until the alert is cancelled.

FIRST TROOPER: Give me regular reports.

All but two of the stormtroopers leave.

SECOND TROOPER: Do you know what's going on?

THIRD TROOPER: Maybe it's another drill.

Ben moves around the tractor beam, watching the stormtroopers as they turn their backs to him. Ben gestures with his hand toward them, as the troops think they hear something in the other hallway. With the help of the Force, Ben deftly slips past the troopers and into the main hallway.

SECOND TROOPER: What was that?

FIRST TROOPER: Oh, it's nothing. Don't worry about it.

INTERIOR: DEATH STAR—HALLWAY

Luke, Han, Chewbacca, and Leia run down an empty hallway and step before a bay window overlooking the piratesship. Troopers are milling around the ship. Luke takes out his pocket comlink.

HAN: (looking at his ship) There she is.

LUKE: See—Threepio, do you copy?

THREEPLO: (voice) For the moment, Uh, we're in the main hangar across from the ship.

LUKE: We're right above you. Stand by.

Han is watching the dozen or so troops moving in and out of the piratesship. Leia moves toward Han, touches his arm, and points out the window to the ship.

LEIA: You came in that thing? You're braver than I thought.

HAN: Nice! Come on!

Han gives her a dirty look, and they start off down the hallway. They round a corner and run right into twenty Imperial stormtroopers heading toward them. Both groups are taken by surprise and stop in their tracks.

FIRST TROOPER: It's them! Blast them!

Before even thinking, Han draws his laser pistol and charges the troops, firing. His blast knocks one of the stormtroopers into the air. Chewie follows his captain down the corridor, stepping over the fallen trooper on the floor.

HAN: (to Luke and Leia) Get back to the ship!

LUKE: Where are you going? Come back!

Han has already rounded a corner and does not hear.

LEIA: He certainly has courage.

LUKE: What good will it do us if he gets himself killed? Come on!

Luke is furious but doesn't have time to think about it for muted alarms begin to go off down on the hangar deck. Luke and Leia start off toward the starship hangar.

INTERIOR: DEATH STAR—SUBHALLWAY

Han chases the stormtroopers down a long subhallway. He is yelling and brandishing his laser pistol. The troops reach a dead end and are forced to turn and fight. Han steps a few feet from them and assumes a defensive position. The troops begin to raise their laser guns. Soon all ten troopers are moving into an attack position in front of the lone starpirate. Han's determined look begins to fade as the troops begin to advance. Solo jumps backward as they fire at him.

INTERIOR: DEATH STAR—SUBHALLWAY

Chewbacca runs down the subhallway in a last-ditch attempt to save his bold captain. Suddenly he hears the firing of laser guns and yelling. Around the corner shoots Chewbacca, pirate extraordinaire, running for his life, followed by a host of furious stormtroopers. Chewbacca turns and starts running in the other way also.

INTERIOR: DEATH STAR—HALLWAY

Luke fires his laser pistol wildly as he and Leia rush down a narrow subhallway, chased by several stormtroopers. They quickly reach the end of the subhallway and race through an open hatchway.

INTERIOR: DEATH STAR—CENTRAL CORE SHAFT

Luke and Leia race through the hatch onto a narrow
bridge that spans a huge, deep shaft that seems to go into infinity. The bridge has been retracted into the wall of the shaft, and Luke almost rushes into the abyss. He loses his balance off the end of the bridge as Leia, behind him, takes hold of his arm and pulls him back.

LUKE: (gasping) I think we took a wrong turn.

Blasts from the stormtroopers’ laser guns explode nearby reminding them of the oncoming danger. Luke fires back at the advancing troopers. Leia reaches over and hits a switch that pops the hatch door shut with a resounding boom, leaving them precariously perched on a short piece of bridge overhang. Laserfire from the troopers continues to hit the steel door.

LEIA: There’s no lock!

Luke blast the controls with his laser pistol.

LUKE: That oughta hold it for a while.

LEIA: Quick, we’ve got to get across. Find the control that extends the bridge.

LUKE: Oh, I think I just blasted it.

Luke looks at the blasted bridge control while the stormtroopers on the opposite side of the door begin making ominous drilling and pounding sounds.

LEIA: They’re coming through!

Luke notices something on his stormtrooper belt, when laserfire hits the wall behind him. Luke aims his laser pistol at a stormtrooper perched on a higher bridge overhang across the abyss from them. They exchange fire. Two more troopers appear on another overhang, also firing. A trooper is hit, and grabs at his chest.

Another trooper standing on a bridge overhang is hit by Luke’s laserfire, and plummets down the shaft. Troopers move back off the bridge; Luke hands his gun to Leia.

LUKE: Here, hold this.

Luke pulls a thin nylon cable from his trooper utility belt. It has a grappling hook on it. A trooper appears on a bridge overhang and fires at Luke and Leia. As Luke works with the rope, Leia returns the laser volley. Another trooper appears and fires at them, as Leia returns his fire as well. Suddenly, the hatch door begins to open, revealing the feet of more troopers.

LEIA: Here they come!

Leia hits one of the stormtroopers on the bridge above, and he falls into the abyss. Luke tosses the rope across the gorge and it wraps itself around an outcropping of pipes. He tugs on the rope to make sure it is secure, then grabs the princess in his arms. Leia looks at Luke, then kisses him quickly on the lips. Luke is very surprised.

LEIA: For luck!

Luke pushes off and they swing across the treacherous abyss to the corresponding hatchway on the opposite side. Just as Luke and Leia reach the far side of the canyon, the stormtroopers break through the hatch and begin to fire at the escaping duo. Luke returns the fire before ducking into the tiny subhatchway.

INTERIOR: DEATH STAR—NARROW PASSAGEWAY

Ben hides in the shadows of a narrow passageway as several stormtroopers rush past him in the main hallway. He checks to make sure they’re gone, then runs down the hallway in the opposite direction. Darth Vader appears at the far end of the hallway and starts after the old Jedi.

At the end of the hallway, blast doors begin to close in front of them. The young starpilot and his furry companion race past the huge doors just as they are closing, and manage to get off a couple of laserblasts at the pursuing troopers before the doors slam shut.
TROOPER: Open the blast doors! Open the blast doors!

INTERIOR: DEATH STAR—HALLWAY LEADING TO MAIN FORWARD BAY
Ben hurries along one of the tunnels leading to the hangar where the pirateship waits. Just before he reaches the hangar, Darth Vader steps into view at the end of the tunnel, not ten feet away. Vader lights his saber. Ben also ignites his and steps slowly forward.
VADER: I've been waiting for you, Obi-Wan. We meet again, at last. The circle is now complete.
Ben Kenobi moves with elegant ease into a classical offensive position. The fearsome Dark Knight takes a defensive stance.
VADER: When I left you, I was but the learner; now I am the master.
BEN: Only a master of evil, Darth.
The two Galactic warriors stand perfectly still for a few moments, sizing each other up and waiting for the right moment. Ben seems to be under increasing pressure and strain, as if an invisible weight were being placed upon him. He shakes his head, blinking, tries to clear his eyes:
Ben makes a sudden lunge at the huge warrior but is checked by a lightning movement of The Sith. A main slash stroke by Vader is blocked by the old Jedi. Another slash by Vader cuts him right down the middle, leaving the old man motionless for a few moments with laser swords locked in mid-air, creating a low buzzing sound.
VADER: Your powers are weak, old man.
BEN: You can't win, Darth. If you strike me down, I shall become more powerful than you can possibly imagine.
Their lightsabers continue to meet in combat.

HAN: Didn't we just leave this party?
Chewbacca growls a reply, as Luke and the others join them.
HAN: What kept you?
LEIA: We ran into some old friends.
LUKE: Is the ship all right?
HAN: Seems okay, if we can get to it. Just hop old man got the tractor beam out of commission.

INTERIOR: DEATH STAR—HALLWAY
Vader and Ben Kenobi continue their powerful duel, their lightsabers together, lightening flashes on impact. Troopers look on in interest as the Jedi and Dark Lord of The Sith fight. Suddenly Luke breaks the battle from his group's vantage point.
LUKE: Look!
Luke, Leia, Han and Chewie look up and see Ben Vader emerging from the hallways on the far side of the docking bay.

The Art Of Star Wars

When he is trapped, Vader takes advantage of Ben’s momentary distraction and brings his mighty lightsaber down on the old man. Ben manages to deflect the blow and they turn around.

The old Jedi Knight looks over his shoulder at Luke, but his sword from Vader’s, then watches his opponent with a serene look on his face.

Vader brings his sword down, cutting off Ben in half. His cloak falls to the floor in two parts, but Ben is not in it. Vader is puzzled at Ben’s disappearance and pokes at his empty cloak. As the guards are distracted, the pirates and the robots reach the starship. Luke sees out in two and starts for him. Aghast, he yells out.

LEI: No!

The stormtroopers turn toward Luke and begin firing at him. The robots are already moving up the ramp into the Millennium Falcon, while Luke, transfixed by anger and rage, returns their fire. Solo joins in the lasers fire.

VADER looks up and advances toward them, as one of his troopers is struck down.

VADER: (to Luke) Come on!

LEI: Come on! Luke, it’s too late!

VADER: Blast the door! Kid!

Luke fires his laser pistol at the door control panel, and the doors begin to slide shut. Three troopers throw forward firing laser bolts, as the door slides to a close behind them, shutting Vader and the other troopers out of the docking bay. A stormtrooper lies dead at the feet of his onrushing compatriots. Luke starts for the remaining troopers, as Solo and Leia move up the ramp into the pirateship. He fires, hitting a stormtrooper, who plummets to the floor.

VADER’S VOICE: Run, Luke! Run!

Luke looks around to see where the voice came from. He runs toward the pirateship, ducking Imperial gunfire from the troopers and races into the ship.

INTERIOR: MILLENNIUM FALCON—COCKPIT

He pulls back on the controls and the ship begins to move. The dull thud of laser bolts can be heard bouncing off the outside of the ship as Chewie adjusts his controls.

HAN: I hope the old man got that tractor beam out of commission, or this is going to be a real short trip. Okay, hit it!

Chewbacca growls in agreement.

INT. MILLENNIUM FALCON—CONNECTION ROOM

Lando Calrissian walks into the control room, where Han Solo is looking at a screen with a map.

LANDO: Are they away?

HAN: They have just made the jump into hyperspace.

Lando: You're sure the homing beacon is secure, Han? I'm taking an awful risk, Han. This had better work.

HAN: What's so important? What's he carrying?

LEIA: The technical readouts of that battle station. I only hope that when the data is analyzed, a weakness can be found. It's not over yet!

HAN: It's for me, sister! Look, I ain't in this for your revolution, and I'm not in it for you, Princess. I expect to be well paid. I'm in it for the money!

LEIA: You needn't worry about your reward. I mean, it is all that you love, then that's what you'll receive.

HAN: What are you doing? I thought you were going to the planet Yavin.

LEIA: My friend is quite a mercenary. I wonder if he really cares about anything... or anybody.

LUKE: I care!

Han, shaking his head, sits in the copilot seat. He and Han stare out at the vast blackness of space.

HAN: So... what do you think of her, Han?

HAN: I'm trying not to, kid!

LUKE: (under his breath) Good...

HAN: Still, she's got a lot of spirit. I don't know, what do you think? Do you think a princess and a guy like me...

LUKE: No!

INT. SPACE AROUND YAVIN

The battered pirate ship drifts into orbit around the planet Yavin and proceeds to one of its tiny green moons.

INT. YAVIN MOON

The pirate ship soars over the dense jungle.

EXT. SPACESHIP—MASSASSI OUTFIT

An alert guard, his laser gun in hand, scans the countryside. He sets the gun down and looks toward the temple, barely visible in the foliage.

EXT. SPACESHIP—JUNGLE TEMPLE

Rotting in a forest of gargantuan trees, an ancient temple lies shrouded in an eerie mist. The air is heavy with the fantastic cries of unimaginable creatures. Han, Luke and the others are greeted by the Rebel troopers.

EXT. SPACESHIP—AN ARMORED MILITARY SPEEDER

Luke and the group ride into the massive temple on an armored military speeder.

INT. MAIN HANGAR DECK

The military speeder stops in a huge hangar, set up in the interior of the crumbling temple. Willard, the commander of the Rebel forces, rushes up to the group and gives Leia a big hug. Every one is pleased to see her.

WILLARD: (holding Leia) You're safe! We had feared the worst.

Willard composes himself, steps back and bows formally.

WILLARD: When we heard about Alderaan, we were afraid that you were... lost along with your father.

LEIA: We don't have time for our sorrows, Commander. The battle station has surely tracked us here (looking pointedly at Han). It's the only explanation for the ease of our escape. You must use the information in this R2 unit to plan the attack. It is our only hope.

EXT. SPACE

The surface of the Death Star ominously approaches the red planet Yavin.

INT. DEATH STAR—CONTROL ROOM

Grand Moff Tarkin and Lord Darth Vader are interrupted in their discussion by the buzz of the comlink. Tarkin moves to answer the call.

EXTERIOR: YAVIN—JUNGLE
A lone guard stands in a tower high above the Yavin landscape, surveying the countryside. A mist hangs over the jungle of twisted green.

INTERIOR: MASSASSI—WAR ROOM BRIEFING AREA
Dodonna stands before a large electronic wall display. Leia and several other senators are to one side of the giant readout. The low-ceilinged room is filled with starpilots, navigators, and a sprinkling of R2-type robots. Everyone is listening intently to what Dodonna is saying Han and Chewbacca are standing near the back.

DODONNA: The battle station is heavily shielded and carries a firepower greater than half the star fleet. Its defenses are designed around a direct large-scale assault. A small one-man fighter should not be able to penetrate the outer defense.

GOLD LEADER: A rough looking man in his early thirties stands and addresses Dodonna.

GOLD LEADER: Pardon me for asking, sir, but what do you think of the snub fighters? How good are the snub fighters going to be against that?

DODONNA: Well, the Empire doesn’t consider the small one-man fighter to be any threat, or they’d have a better defense. An analysis of the planet, provided by Princess Leia has demonstrated the weakness in the battle station.

Artoo-Detoo stands next to a similar robot, making beeping sounds, and turns his head from right to left.
DODONNA: The approach will not be easy. You are required to maneuver straight down this trench and into the surface to this point. The target area is only 100 meters wide. It’s a small thermal exhaust port, right below the main port. The shaft leads directly to the reactor system. A precise hit will start a chain reaction which should destroy the station. A murmur of disbelief runs through the room.

DODONNA: Only a precise hit will set up a chain reaction. The shaft is ray-shielded, so you’ll have to use proton torpedoes.

LUKE: It’s not impossible. I used to hunt’s-eye amp rats in my T-sixteen back home. They’re not much bigger than two meters.

DODONNA: Man your ships! And may the Force be with you!

The group rises and begins to leave.

INTERIOR: SPACE

The Death Star begins to move around the planet toward the tiny green moon.

VADER: This will be a day long remembered. It has seen the end of Kenobi and will soon see the end of the Rebellion.

INTERIOR: MASSASSI OUTPOST—MAIN HANGAR DECK
Luke, Threepio and little Artoo enter the huge spaceship hangar and hurry along a long line of gleaming spacefighters. Flight crews rush around loading last-minute armaments and unlocking power couplings.

In an area isolated from this activity Luke finds Han and Chewbacca loading small boxes onto an armored speeder.

MAN’S VOICE: (over loudspeaker) All flight troops, man your stations. All flight troops, man your stations.
Han is deliberately ignoring the activity of the fighter pilots’ preparations. Luke is quite saddened at the sight of his friend’s departure.
LUKE: So... you got your reward and you’re just leaving then?

Han turns to Chevole who groans at his captain.

HAN: What’re you lookin’ at? I know what you’re doing.

INTERIOR: MAIN HANGAR DECK—LUKE’S SHIP
Luke, Leia, and Dodonna meet under a huge spaceship fighter.
LEIA: What’s wrong?
LUKE: Oh, it’s Han! I don’t know, I really thought he’d change his mind.
LEIA: He’s got to follow his own path. No one can choose it for him.
LUKE: I only wish Ben were here.
Leia goes. Luke a little kiss, turns, and goes off.
As Luke heads for his ship, another pilot rushes up behind him and grabs his arm.
BIGGS: Luke! I don’t believe it! How’d you get here... are you going out with us?!
LUKE: Biggs! Of course, I’ll be up there with you. Listen, have I got some stories to tell you...
Red Leader, a rugged handsome man in his forties comes up behind Luke and Biggs. He has the confident smile of a born leader.

RED LEADER: Are you... Luke Skywalker? If you’ve been checked out on the Incom T-sixty-five...

Pilot Leader pats Luke on the back as they stop in his fighter.
LOT LEADER: I met your father once when I was a boy; he was a great pilot. You’ll do all right. If you’ve got half of your father’s skill, you’ll do better in all right.

LUKE: Thank you, sir. I’ll try.

LEADER: Leader hurries to his own ship.

BIGGS: I’ve got to get aboard. Listen, you’ll tell me your stories when we come back. All right?

LUKE: I told you I’d make it someday, Biggs.

BIGGS: (going off) You did, all right. It’s going to be old times Luke. We’re a couple of shooting stars that’ll never be stopped!

LUKE laughs and shakes his head in agreement. He climbs to the rear of his ship.

BIGGS: Luke begins to climb up the ladder into his sleek, small spaceship, the crew chief, who is working on the aft, points to little Artoo, who is being hoisted into a seat on the back of the fighter.

HEF: This R2 unit of yours seems a bit beat up. Do you want a new one?

LUKE: Not on your life! That little droid and I have been through a lot together. (to Artoo) You okay, Artoo? I mean it! Look at the exterior shell of the starship, the little droid says that he is fine.

LUKE climbs up into the cockpit of his fighter and puts on his helmet. Threepio looks on from the floor of the pressurized hangar as the crewmen secure his little electronic assistant, who is running inside Luke’s X-wing. It’s an emotion-filled moment as Artoo beeps good-bye.

HEF: Okay, easy she goes!

THREEPIO: Hang on tight, Artoo, you’ve got to come back.

ARTOO: Artoo beeps in agreement.

THREEPIO: You wouldn’t want my life to get boring, would you?

ARTOO: Artoo whistles his reply.

All final preparations are made for the approaching battle. The hangar is buzzing with the last minute activity as the pilots and crewmen alike make their final adjustments. The hum of activity is occasionally interrupted by the distorted voice of the loudspeaker using commands. Coupling hoses are disconnected from starships as they are fueled. Cockpit shields roll smoothly into place over each pilot. A signalman, holding red guiding lights, directs the ships. Luke, a trace of a smile gracing his lips, peers through his goggles.

BEN’S VOICE: Luke, the Force will be with you.

Luke is confused at the voice and taps his headphones.

EXTERIOR: MASSASSI OUTPOST — JUNGLE

All that can be seen of the fortress is a lone guard standing on a small pedestal jutting out above the dense jungle. The muffled wails of crying sounds that naturally permeate this eerie purgatory are overwhelmed by the thundering din of ion rockets as four silver starships catapult from the foliage in a tight formation and disappear into the morning cloud cover.

INTERIOR: MASSASSI OUTPOST — WARS ROOM

The princess, Threepio, and a field commander sit quietly before the giant display showing the planet Yavin and its four moons. The red dot that represents the Death Star moves ever closer to the system. A series of green dots appear around the fourth moon. A din of indistinct chatter fills the war room.

MASSASSI INTERCOM VOICE: Stand-by alert. Death Star approaching. Estimated time to firing range, fifteen minutes.
Luke adjusts his controls as he concentrates on the approaching Death Star. The ship begins to be buffeted slightly.

**GOLD LEADER:** Red Leader, this is Gold Leader.

**RED LEADER:** (over headset) I copy, Gold Leader.

**GOLD LEADER:** We’re starting for the target shaft now.

**INTERIOR: RED LEADER’S COCKPIT**

Red Leader looks around at his wingmen; the Death Star looming in from behind. Two Y-wing fighters bob back and forth in the background. He moves his computer targeting device into position.

**RED LEADER:** We’re in position. I’m going to cut across the axis and try and draw their fire.

**EXTERIOR: SPACE**

Two squad of Rebel fighters peel off. The X-wings dive toward the Death Star surface. A thousand lights glow across the dark grey expanse of the huge station.

LUKE: (laughing) I knew you’d come back! I just knew it!

HAN: Well, I wasn’t gonna let you get all the credit and take all the reward.

Banners are flying and at the far end stands a vision in white, the beautiful young Senator Leia. Luke and the others solemnly march up the long aisle and kneel before Senator Leia. From one side of the temple marches a shined-up and fully repaired Artoo-Detoo. He waddles up to the group and stands next to an equally pristine Threepio, who is rather awe-struck by the whole event. Chewbacca is confused. Dodonna and several other dignitaries sit on the left of the Princess Leia. Leia is dressed in a long white dress and is staggeringly beautiful. She rises and places a gold medallion around Han’s neck. He winks at her. She then repeats the ceremony with Luke, who is moved by the event. They turn and face the assembled troopers, who all bow before them. Chewbacca growls and Artoo keeps with happiness.

Dear Star Wars Fan Club,

I want to know if you can give me the addresses of Han Solo, Luke Skywalker, and Princess Leia. I hope you can get them because I want to write to them. Just to show you that I still like Star Wars, I drew a picture of it.
